Nazis Silent as Welles Nears Berlin

LENGTHY VISIT WITH GERMAN FUEHRER SEEN

Secretary Leaves Switzerland, Starts Tour Into War Zone; In Berlin Tomorrow.

TWO CONFERENCES LOOM

Reports Indicate U. S. Envoy, Hitler Will Meet Twice; New Talk With Duce Set.

BULLETIN

ZURICH, Switzerland—(INS)—Cheered by crowds so enthusiastic that they broke police lines and delayed his departure, Sumner Welles, American undersecretary of state, left for Berlin at 4:07 p. m. today.

(By United Press)

ZURICH, Switzerland—Sumner Welles started into the war zone today, en route to Berlin to continue his European inquiry by conferring with Adolf Hitler.

Welles is expected to remain in Berlin until Sunday night, conferring with Foreign Minister Joachim von Ribbentrop and Marshal Hermann Goering in addition to Hitler.

He will return to Switzerland before continuing to France.

In Zurich, Welles summarized the results of his talks at Rome in a conference with Leland Harrison, the United States minister to Switzerland. From Zurich, his train had only a 30-minute run to the German border.

He will arrive tomorrow morning. The German press was entirely silent on his coming. The only intimation the German public had were denials in the press of "British reports" that Hitler would submit a peace plan to Welles.

Nevertheless, discussions of a "peace offensive" in connection with Welles' tour of European capitals continued. In Paris, observers pointed out that Welles had visited Premier Benito Mussolini of Italy quickly after he landed, and that he planned to see Mussolini again before leaving for America, indicated that "Mr. Roosevelt's emissary really has something in mind." Mussolini is known to be interested in stopping the war.

Welles is expected to stay in

His 'First' Birthday - -

David Rachel, 4 . . . celebrating 1st birthday anniversary.

- - She Has Her 21st

Mrs. William Ryan, 84 . . . has 21st anniversary today.

Born Feb. 29, It's Long Time Between Their Birthdays

Today is the quadrennial birthday anniverseries of all those unfortunate leap year babies who make their earthly debuts on a Feb. 29.

In Mansfield David Rachel, 4, is observing his first real birthday anniversary, while in Lorain, Mrs. William Ryan, a native of Richland county, is celebrating her 21st birthday. She is 84 years old but actually has had only 20 birthday anniversaries, since there was no leap year in 1900.

David is the son of Mr. and Mrs. Raymond Rachel, 611 Longview avenue, and he was born Feb. 29, 1936.

Mrs. Ryan, who was born on a farm near Mansfield, Feb. 29, 1956, and although she is technically "old enough to vote" today, she won't exercise the right, for she doesn't think women should have any part of politics.

Young David has borrowed Feb. 28 on the last three years because he refuses to be cheated out of his birthday, but Mrs. Ryan has observed only her real birthdays in the years when there was an additional day.

The only leap year baby born at General hospital up to noon today was a baby girl born to Mr.

Soviets Blast At Finn Lines In Coastal City

Moscow Says Six Small Finnish Towns Captured Along With 42 of Finland's Forts; Finns Claim Soviet Troops Stopped On East Mannerheim Line.

(By Associated Press)

Three months after invading Finland and one month after starting a redoubled isthmus offensive the Red army today smashed closer to Viipuri, bringing the first major Finnish city almost within Russia's grasp.

Fighting in Europe's other war remained insignificant compared with the battle being waged by Finland and Russia for control of the Karelian isthmus which connects the two nations between the Gulf of Finland and Lake Ladoga.

Six small Finnish towns were captured, the Russians announced, also claiming 42 more fortifications had capitulated before the continued hammering of Soviet military might.

Most intense fighting for Viipuri, coastal city on the western rim of the isthmus, centered four miles from the city limits. Viipuri lies 50 air miles from the Russian frontier, and to reach it the Red army has had to batter terrific Finnish resistance and storm at least part of the broad band of fortifications which forms Finland's Mannerheim defense line. The invasion of Finland started Nov. 30, and an intensive isthmus drive was started by Russia Feb. 1.

A crucial Finnish loss were the Kolvisto fortifications, western anchor of the defense line, which fell five days ago. Since then the Red army slowly has drawn closer to Viipuri, now empty of civilians but once Finland's third largest city.

The Finnish forces were holding firm, however, on the eastern end of the Mannerheim line near Taipale and Russia has made no signal gains recently on other sectors of the snowy northern front.

Air raiders were driven off Helsinki again without dropping bombs.

German and Allied planes both carried out scouting operations on the western front and Germany reported the capture of "numerous" prisoners in repulsing an Allied patrol attack.

G. O. P. 'Poured Money' Into 17th To Win, Davey Charges

Discounting the significance of Republican victories in Tuesday's special congressional elections in the 17th and 22nd districts, former Governor Martin L. Davey charged today that the Republicans won because they had more money to spend than the Democrats.

Meanwhile in Cleveland a taxpayer's suit was filed in common pleas court there seeking to prevent the certification of Mrs. Frances Bolton as congresswoman from the 22nd district.

The action, filed in behalf of Frank Morton, East Cleveland taxpayer, charges that the call for a special election in the district was illegal because it did not allow sufficient time for the filing of petitions by independent candidates.

State and national Republican leaders were not justified in interpreting the 17th district victory as indicative of a Republican trend because "the Republicans poured great quantities of money into that contest for the purpose of making a showing," Davey said in a statement issued at Kent.

"The Republican state headquarters concentrated on that contest everything required to achieve the desired result. Apparently they realized the importance of that election," he said.

The former governor, who campaigned for Byron B. Ashbrook, Democratic candidate in the 17th district, contended that the heavy snow election day, which tended to keep voters at home, was an "advantage to the Republican candidate who had an abundance of men, money and state equipment at his disposal."

He charged further that Republicans used state highway workers and equipment to get out the vote, while the Hatch law, forbidding political activity, kept

CAPTURE PAIR IN GAS STATION

Police Arrest Young Burglars After Another Station's Held Up and Robbed.

The crime careers of two youths, one 17 and the other 18 years old, were cut short last night by police who caught them burglarizing a gasoline filling station.

The pair was captured in a station at East Fourth street and Ashland road shortly after a lone gunman held up and robbed an attendant at Owen's filling station, 328 South Main street, of $30.

William Holliday, 30 Willow street, told officers that the bandit entered the station about 8 p. m., ordered him into a washroom and then looted the cash register.

Police said the man answered to the description of the gunman who two weeks ago held up and robbed the Pure Oil filling station at Lexington and Mendota street.

The youths captured in the Ashland road station last night by Capt. John Miller and Patrolman John Gilbert had entered the station by smashing a rear window, the officers said.

Called to the station by a nearby resident who had seen the youths enter the building, the officers with drawn guns ordered the youths outside. They said neither was armed.

Both are said to have police records. They are expected to be questioned this afternoon by detectives concerning recent burglaries.

'Smear' Campaign Against FBI Chief Stirs Capital Circles

(By International News Service)

WASHINGTON — A "smear Hoover" campaign, initiated by a group of inside New Dealers for the purpose of driving FBI Director J. Edgar Hoover, of the Federal Bureau of Investigation, into private life, today provoked serious concern on Capitol Hill.

The goal of the "Smear Hoover" movement is to obtain control of the federal bureau of investigation and turn it into a political gestapo prior to the presidential election, International News Service was told by a high New Dealer who sides with the Chief G-Man.

Thomas G. Corcoran, New Deal brain-truster, is reported to be the "brains" of the drive against Hoover. He is said to be nursing long-time animosity for him.

The "plot" against the Chief G-Man was described by the pro-Hoover New Dealer in these words:

"A small group of New Dealers have turned the character-assassins on J. Edgar Hoover for the express purpose of driving him into private life. They are led by Tommy Corcoran.

"This group realizes that Hoover is the one single non-partisan, pro-public servant in the entire federal government all other government employes from cabinet officers on down have their political moments.

"In the group are men who have found to their sorrow that they cannot give orders. So they are intent on getting him out of the federal government."

"This group proposes to obtain control of the federal bureau of investigation and turn it into a political gestapo. They propose to do this now, months before the presidential election.

"I do not believe they will succeed. If there is one man in the government, outside of President

OPPOSES NLRB

Former Director in Favor of Abolishing Board.

CLEVELAND—(AP)—Abolition of the national labor relations board and establishment of four new labor authorities were proposed to government leaders today by James P. Miller, former Cleveland NLRB regional director.

Miller resigned last May after a disagreement with the board over administrative procedure.

He sent his suggestions for revision of the Wagner labor relations act to President Roosevelt, Sen. Robert F. Wagner, author of the law, and to the house and senate investigating committees.

Boy, 16, Who Took Auto For Joyride, Walks Into Trap

A 16-year-old boy who was recently released from the Boys Industrial school at Lancaster, was held in jail today for the theft of a city employe's automobile he confessed to "borrowing" for a joyride Wednesday night.

He was arrested last night as he walked into a police trap at the home of a girl friend with whom he had a date.

Lieut. Bruce Friday who acted on a "hunch" yesterday and picked up a youth who had been with the boy Wednesday night when he eluded police, said he had been "tipped off" that the suspect was to meet the girl last evening.

Officers waited in the neighborhood until he left the home and then arrested him.

Police said the boy admitted stealing Municipal Court Clerk Ralph Hughes' automobile from in front of his home and escaping from Capt. John Miller and Patrolman O. D. Fair as they sought to halt him at Second and South Main streets when he stopped for a traffic signal.

Friday said that the youth confessed today to the theft of six automobiles which he had abandoned after joyriding since his release from Lancaster early this year. He had served a term for auto theft.

STEAL CONSTABLE'S CAR

COLUMBUS, O.— (AP) — Police searched today for a stolen automobile with the inscription, "Constable, traffic regulations," on its sides and rear. It was taken from a parking space in front of police headquarters while its owner, Constable Charles E. Baughman, was visiting inside.

CAUSES ALARM

Gloria Dickson, Hollywood Actress, Missing for Week.

LOS ANGELES—(AP)—The Los Angeles Examiner said today that Gloria Dickson, young motion picture actress, had been missing since last Thursday and that her husband, her mother and friends were concerned over her absence.

The paper quoted the actress' husband, Perc Westmore, film studio makeup expert, as saying that Miss Dickson telephoned from New York last Thursday that she was ill, was leaving at once for Hollywood and would arrive Monday.

When she failed to arrive, Westmore was quoted as saying he checked with the Essex hotel in New York and found that Miss Dickson had left, presumably for Hollywood, Thursday night.

The newspaper said Westmore added that he and Miss Dickson, who had been making a personal appearance tour, had had a "serious disagreement."

WELCOMES PROBE AT GALLIPOLIS

Superintendent Wants Grand Jury Report Studied.

GALLIPOLIS—(U.P.)—Dr. George G. Kineon, for 30 years superintendent of the state hospital for epileptics here, said today he welcomed an investigation into what the Gallia county grand jury charged was "gross neglect of duty" in administration of the institution.

Though Dr. Kineon was not mentioned by name, the jury charged that funds had not been supervised properly. Byron Bodimer, former assistant finance officer at the hospital, was charged with embezzling $7,600.

Charles Sherwood, state welfare director, announced in Columbus that he would read the jury's report and investigate its charges.

ASK BOND BIDS

Bridge Commission Would Reduce Interest Rate.

COLUMBUS—(AP)—Backed by a state supreme court decision, the Ohio bridge commission called for bids today on Sandusky Bay bridge refunding bonds to save an estimated $20,000 in interest.

The six to one decision upholding legality of the law establishing the commission came yesterday on a test suit to compel Secretary of State Earl Griffith to sign the $1,300,000 refunding issue. The new bonds would bear 2 per cent interest instead of the 3½ per cent on the present issue.

Since the bridge commission and the state building authority operate in the same manner, by servicing bonds out of income, it generally was expected that the building authority also would be upheld by the supreme court in a suit to be filed soon.

LONDON — (UP) — James R. Burns, a chauffeur, was held in jail under $500 bond today after pleading guilty to a second degree manslaughter charge.

FLOOD RAGES

Crest of California Inundation Moves Southward.

SAN FRANCISCO — (AP) — The crest of a disastrous northern California flood moved southward along the storm-cluttered Sacramento river today, leaving a trail of inundated towns and ranches and threatening to burst levees downriver.

Two towns were practically submerged, many others had inundated sections, two persons were dead, thousands of acres of farm lands were under water and more than 4,000 persons estimated homeless.

In Sacramento, Federal Meterologist E. H. Fletcher said he had been informed levees at Princeton and Butte City, hamlets about 70 miles north of the state capital, might go our during the night, spreading water over more areas of the rich Central valley.

The towns of Gerber and Tehama, about 115 miles north of Sacramento, were nearly covered by flood waters.

Suspect In Columbiana Bank Robbery Case Faces Charges.

DETROIT— (U.P.) — Lester Lewis Corey, reputed member of the Cross brothers gang of western Pennsylvania, today awaited removal to Cleveland to await trial on a charge of interstate flight to evade prosecution for bank robbery in Columbiana, O.

'BUMMER RAP'

CHICAGO—(AP)—Peter Nowak, 32, thought he got a "bum rap" in 1938 when he was sentenced to 15 years in prison for rape after a bench trial. He appealed to the state supreme court for a new trial. It was granted. Yesterday a jury convicted him.

The new sentence: 199 years.

If You're Lucky You Can Still Get Special Auto License Tag

Mansfielders, if luck is with you, you still have a chance to get that special auto license tag you've been dreaming about these five long years.

Requests for special letter and number combinations have been received at the Bureau of Motor Vehicles in Columbus at the rate of about 500 a day, but today's the deadline for applications for special letter and number combinations.

About 15,000 of the 1940 tags will go on sale tomorrow at the Richland County Auto club, as distribution of the licenses opens throughout the state. Motorists will not be allowed to use them until March 10, however, Frank Beverstock, deputy registrar, pointed out.

In addition to license sold at the auto club, there are between 800 and 900 Mansfielders who have the low numbered special plates. There are approximately 75,000 of these plates issued every year throughout the state some of which spell out words like J I M, M I N, and S I N.

They have been issued on a first-come-first-served basis since 1935. There is no extra fee for issuing special tags although the cost to the state is about $15,000 a year. Cy Wallace, motor vehicle registrar, said.

ADVERTISE YOUR AUCTION SALE

The best and most economical way to do that is with a News-Journal Want Ad—it will reach practically every home in Richland County. And experience has proven that good crowds go "hand in hand" with Want Ad advertising. Good crowds mean good prices—which pays for a Want Ad many times over.

To place an ad call Canal 4251 or you can mail it in.

A Whale of a Lot of Snow Is This Whale

The 20-feet long snow whale, shown above, is one of two large animals built of snow in the front yard of the R. A. Warden home at 41 Altamont avenue, which attract the attention by passing motorists. Both animals were modeled by George William and Mary Warden in less than a day. The whale, measuring 20 feet long, is hollow and stands four feet high. The other replica an elephant, is six feet long and five feet high.

REDS BLAST AT FINN LINES IN COASTAL CITY

Moscow Says 6 Small Finnish Towns Captured; Declares 42 Forts Fall in Attacks.

(Continued From Page 1)

In response to Secretary Hull's disclosure that United States diplomats were actively working to assure a world system of free trade when the war ends, Berlin replied that Germany must stick to autarchy—a closed economy aimed at self-sufficiency—as long as Britain controls the sea lanes.

Moscow Says Russians Within 4 Miles of City.

BULLETIN

MOSCOW—(U.P.)—Soviet military announcements today indicated that the Red army had consolidated its position four miles from Viipuri in preparation for a final onslaught against the Finnish city.

MOSCOW—(AP)—The Red army pressed on toward Viipuri today, reporting the capture of six more Finnish towns that brought the Karelian isthums drive within four miles of the city.

Finnish forces continued to retreat after futile counter-attacks that cost them heavy losses, said the Soviet communique.

Forty-two more Finnish defense fortifications were taken yesterday, with full data not yet available, the communique said, and added:

"Soviet troops captured the enemy's defensive fortifications on the northern bank of the Salmenkaita river, occupied the town of Ritasaari on the western bank of Vuoksi lake, also the villages of Maikela, Hammarnijarvi and Seikurila, north of Lake Jurapan; Kamara, four kilometers southwest of the station of Heinjoki; and Ylasomme, six kilometers south of Viipuri."

The Kamara mentioned is a highway junction five miles north of a railroad station of the same name which the Russians previously had reported capturing.

On other fronts, the communique said there were "no important changes," while bad weather restricted the air force to reconnoitering flights.

The Finns, said merely that Soviet forces "suffered heavily" and that the Finns were fighting defensive actions.

(The fortress of Taipale, on the eastern end of the Mannerheim line that spans the Karelian isthmus, continued to stand firm against Russian battering, the Finns reported. Located at the juncture of the Vuoksi water system and Lake Ladoga, Taipale evidently was preventing the Red army from overrunning the entire isthmus.

(Coupling of the Russian and Finnish reports indicated that the Russian gains were in a broad spearhead, bordered on the east by the stream-like Vuoksi and on the west by the Gulf of Finland, with the point nearly touching the ruins of Viipuri.

Leave Holland, Nazis Tell German Visitors.

OLDENZAAL, Dutch-German Frontier—(U.P.)—German officials today warned a number of persons who live in the reich but have been temporarily sojourning in Holland to return to Germany before March 1.

Germany was reported reliably to be extending the Siegfried line defenses in modified form the entire length of the Belgian and Dutch frontiers to the North sea.

A number of persons of Dutch descent live across the frontier on German territory, and some of these have recently been temporarily in Holland. They received orders that they must return to the reich within the next 24 hours or their passes to cross the frontier will be cancelled.

The order presumably was in connection with the reported extension of the German defense line.

DAVEY SCORNS G. O. P. VICTORY

State Headquarters 'Poured Money' Into District to Win, He Charges.

Democratic federal employes under heavy restraint.

"Three state highway division headquarters happened to be in the 17th district, at Ashland, Delaware, and Newark, and all were a beehive of activity," Davey added.

Arthur L. Limbach, Democratic state chairman, also discounted the significance of the elections and threw "cold water" on the Republicans' claims that the victories point to G. O. P. wins in the fall.

"I see no reason to be disturbed over the result of the elections which were certainly not a test of the popularity of the national administration," he asserted. "There will be a vastly different story when the issues are fairly drawn and truthfully presented to the American people."

In the official tabulation of votes cast Tuesday in five of the six counties of the 17th district, McGregor, Republican winner, gained 28 votes and Ashbrook lost one.

The count was complete except in Richland county and figures for the county were expected to be ready this afternoon, A. F. Porter, election board clerk, said.

Changes in the tabulations in the five counties gave McGregor 27,434 votes to Ashbrook's 22,922, a margin of 4,512 votes for McGregor.

At Columbus Secretary of State Earl Griffith said today he would issue certificates of election to Mrs. Bolton, winner in the 22nd district, and McGregor, the 17th district victor, as soon as complete official returns reach his office. The new members of congress will go to Washington to take their seats as soon as the certificates are issued.

Out in Aurora, Ill., the leap year day took on a special significance, following an old custom there. The city government was taken over by women and the city officials were ousted for 24 hours.

A petite brunet dancing teacher, Miss Audrey Kesel, became mayor and announced that the menfolk and especially the bachelors would have to "step lively" while she was in power. There was a woman under the fire chief's helmet, on the police court bench and all of the police officers carried compacts or make-up kits.

On every busy corner there was a feminine director of traffic. Mayor Kesel said that every bachelor in the town who didn't announce his intention of getting married sometime during the day would be thrown in jail to "think it over."

IN THE RUHL BOOK

By OSCAR RUHL
News-Journal Sports Editor.

ED (TIPPERARY) MURRAY will be the next opponent for Jack (Buddy) Walker, dusky champion of Ohio heavyweights. The name may not sound familiar, but Murray is the former Ed Shelby of Shelby, who once fought under Johnny Kalstein's wing. . . . Never let a couple of games like 147 and 138 discourage you. A Detroit bowler started out like that the other night and then finished with a 300 . . . Yes and then failed to reach 600. . . . Pole vaulters have added more than five feet to the record since G. McNichol first set nine feet, seven inches as tops in 1877 . . . Nat Hickey, who appeared here with the Celtics a couple of months ago, has been playing basketball for 21 years, the last 15 as a professional. He also plays minor league baseball. Averages 125 basketball and 135 baseball games a season. . . . Cleveland's Oscar Grimes was the only American leaguer to play every infield position last year. He put in three games at third, 37 at short, 43 at first and 48 at second.

* * *

Only three of the hurlers off whom Babe Ruth hit his 60 home runs in 1927 still are in the majors. They are Lefty Grove, Ted Lyons and Danny MacFayden.

* * *

Hardest Hitting Outfield Included Delehanty.

BEST hitting outfield of 19th century belonged to the Phillies in 1894. Ed Delehanty, who got his start in pro ball in this town; Bill Hamilton and Sam Thompson hit exactly .400 as a trio. . . . The Red Sox's Ted Williams rates Mel Harder higher as a pitcher than Bob Feller. So does Ken Keltner. . . . In a recent high school cage game in Chicago, a team was beaten, 43 to 1 . . . There are more ball players of German extraction in the major leagues than any other nationality The Irish come next. . . Jimmy McLarnin has been offered $40,000 to come out of retirement and fight the winner of the Garcia-Armstrong fight . . . but Jimmy says "nix". . . . Detroit will enter 1897 teams in the A. B. C. tourney. . . . It's a record for home town entries

Jack Dempsey, put himself in solid with 5,800 Central Ohio fight fans the other night by driving from Nashville to Columbus in a driving storm to fill a refereeing engagement after the blizzard had grounded all planes.

Bee Believe's He's Better at Football.

EX-MANSFIELDER Clair Bee, rated as the No 1 cage coach in the country, considers himself a better football teacher than basketball. . . . Superior, Wis., in the Northern League, where Chappie Geygan will manage this year, is so proud of its working agreement with the Dodgers the club has sent Larry MacPhail a bound volume containing the autographs of 5,000 fans. . . . Larry Gilbert manager of the Nashville club of the Southern league, says he is still set for 1940 except for three infielders, two outfielders, two catchers and four pitchers. Wonder if he has a batboy.

COLUMBUS —(U.P.)— Perhaps pointing the way toward better court success next season, sophomore Jack Oberst batted in 26 points last night to give Baldwin-Wallace its first Ohio conference victory of the season, 42 to 32, with Mt. Union as the victim.

They'll Test Chuckovits' Cagers Tonight

Pictured above is the New York Renaissance cage club, world's professional pro champion, which will meet the famous Chuck Chuckovits' Toledo Collegians in a pro tussle under the sponsorship of the City Class A league at Mansfield high school tonight. Meder, Mansfielders Set City Loop Pace

SONNY MEDER and the Mansfielders held the stage in the City Class A league at the Meder alleys last night.

Rolling scores of 222, 224 and 211, Meder came through with a 657 total The Mansfielders won only one game from the Long Bar, led by Fritz Vogel's 620, but came through with an 1103 game.

Babe Meder hit 632 for the next best to individual total of the evening, but the Greystone Nite club dropped two decisions to the Lutz Lumbers. Ralph Lutz led the losers with a 607.

In the other match, the Pontiacs won three games from the Ingram-Martin Oldsmobiles.

Harold Geiger of the Appliance Finishing and Ed Forman of Shipping No. 1 led the Westinghouse league scoring with respective totals of 610 and 608

CLEVELAND PUTS IN BID FOR CONN-LESNEVICH BOUT

CLEVELAND —(AP)—Cleveland is bidding for the title fight between Billy Conn, light heavyweight champion and Challenger Gus Lesnevich Herbert Buckman, commissioner of Cleveland's Public auditorium said an effort has been made to bring the bout to that hall The fight, originally scheduled for today at Miami, Fla., was postponed by Promoter Mike Jacobs because Conn reported an outbreak of boils.

BILL DICKEY SIGNED

ST PETERSBURG, Fla —(U.P.)— Catcher Bill Dickey has agreed to terms with the New York Yankees Dickey notified Ed Barrow yesterday that he had accepted terms and the club president telephoned Manager Joe McCarthy that the veteran catcher will arrive from Little Rock, Ark., tomorrow

PITTSBURGH — Darrell O'Mahoney, 22, Leland, threw Leo Numa, 225, Allentown, 54 [illegible]

BARONS REGISTER FIFTH OVER LUCKLESS PHILS

PHILADELPHIA — (INS) — The luckless Philadelphia Ramblers today marked down their fifth straight loss to the Cleveland Barons in International-American league hockey play after a big third period gave Cleveland a 2-and-1 victory

The winning goals were scored by Peg O'Neil on a pass from Bud Cook, and by Larry Moluneaux, who, the Ramblers complained, was responsible for a bit of strategy that left them with but five men on the ice

'Bull' Demands Second Chance

Asks for Re-Match With Becker at Armory.

The "hottest" individual in 16 states by actual count today is "Bull" Marino, wild Italian light-heavyweight contender from New York City.

An iceberg would turn to molten lava if it came in contact with Marino today and it is difficult even to imagine what would happen to George Becker or the referee of last Monday night's match between Becker and Marino here if they were to run into the "Bull" on the street

* * *

"If ever a man was victim of pure unadulterated highway robbery it is me" Marino shouted. "I never have heard of a referee giving a decision outside the ring such as Miller did when he awarded Becker the deciding fall in our match Monday night. That is in violation of every rule of the game."

* * *

Marino had reference to the match in the Armory last Monday night in which Referee Miller was knocked out of the ring by Marino and while still outside the ring awarded the verdict to Becker who had also been dumped from the ring by the enraged Italian.

"I'm demanding that Becker be brought back here to meet me." Marino raged. Matchmaker Nolan stated that as far as he was concerned he'd be willing to rematch the men.

KENYON COLLEGE CHOICE IN LEAGUE TANK MEET

BOWLING GREEN—(U.P.)—Kenyon college, door mat of the Ohio conference in football and basketball, looked forward to a measure of revenge Friday and Saturday when its powerful swimming team defends the conference tank championship in the new natatorium at Bowling Green university.

Kenyon, anchored by Speedy Bill Griffin, will be favored to retain its title in the seven-team meet. The Lords have triumphed in 53 of their last 56 meets.

HALF OF REDS' ROSTER ON HAND FOR WORKOUT

TAMPA, Fla.—(U.P.)—Exactly 50 per cent of the roster of the defending National league champions lumbered up today as 19 pitchers and catchers of the Cincinnati Reds held their second workout of the training season.

Those who unloosed muscles were Pitchers Paul Derringer, Bucky Walters, Red Barrett, Joe Beggs, John Cannon, Lloyd Dietz, Eugene Hinrichs, John Hutchings, Lloyd (Whitey) Moore, Elmer Riddle, Johnny Vander Meer, Gene Thompson, Jim Turner and Milburn Shoffner and Catchers Ernie Lombardi, Bill Hershberger, Neil Clifford, Bill Baker and Dick West.

Lombardi was signed yesterday at a reported salary of $17,500. He was demanding around $20,000.

Toledo Cager Nears Chuck's Scoring Mark

COLUMBUS—(U.P.)—Bob Gerber, University of Toledo sophomore ace, may not catch Frankie Baumholtz of Ohio U. in the race for the individual basketball scoring crown in Ohio this year but he should shatter the sophomore mark set at Toledo by Chuck Chuckovits.

Gerber ripped the nets for 21 points recently as Toledo defeated Dayton, 44 to 34, to run his season total to 325. Chuck, his illustrious predecessor, netted 252 his first season in 1937 although he played in only 22 games while Gerber will participate in 25.

Gerber has two more contests against not-too-difficult opposition, Western Michigan and Detroit. The Toledo victory last night was the 22nd in 28 starts for Toledo. Baumholtz seems safe for the 1940 Ohio honors with 350 points at present and three games to play.

Garcia Favored Over Armstrong

LOS ANGELES—(AP)—Los Angeles' two stars of the fistic world, Henry Armstrong and Ceferino Garcia, ease off training routines today but blasts of confidence over their battle Friday night grow louder from each fighter's camp.

The encounter, a 10-round match for Garcia's share of the middleweight championship of the world, promises to be one of the bitterest in local ring history, with Hammerin' Henry seeking to annex his fourth title and Garcia out to avenge a 15-round decision lost to the colored lad in November, 1938.

Garcia remains a slight favorite, chiefly because of a hefty weight advantage and the fact that a week's postponement of the bout may have worked more to his cause than Armstrong's

HAPAC 41 POINTS SHORT OF NEW BIG TEN RECORD

CHICAGO—(AP)—Keen-eyed Bill Hapac, Illinois scoring ace and captain, still is firing away at the all-time Big Ten individual scoring record and there's just an outside chance he might set a new mark.

Hapac retained the conference scoring lead in the last two games, piling up 35 points for a nine-game total of 143 This is 41 points shy of the record of 184 set by Jewell Young of Purdue two years ago. The Illinoi star has two games to play.

DON IN SEMI-FINALS

NEW YORK — (U.P.) — Don McNeill of Kenyon college and Frank Bowden, New York, met in a semi-final match of the national indoor men's singles championship today. The winner probably will play the title match with Bobby Riggs of Chicago, No. 1 amateur, who is expected to win a semi-final victory tomorrow over Frank Froehling, also of Chicago.

Rens Return Tonight To Meet Collegians

Pro Teams Expected to Fill Tyger Lair for Tilts Sponsored by League.

BASKETBALL fans of this vicinity will be offered the most brilliant attraction of the season at Mansfield high school tonight when the New York Renaissance club, world pro champion, meets Chuck Chuckovits' Toledo Collegians on a card sponsored by the City Class A league.

As the Lima Westinghouse team is appearing in a tournament, Hank Richards' Electrics will face the Garber Printers of Ashland in the preliminary game tonight.

The Ashland quintet has won 18 out of 21 games in addition to winning the Ashland city league crown.

* * *

The Rens appeared at the Tyger lair several weeks ago, and their play so fascinated the fans that they are expected to return en masse to see the speedy colored team against a more capable foe.

* * *

Tonight's crowd is expected to be the largest to pack into the Mansfield gym this season.

Chuckovits will present a strong ball club that should extend the famous Rens, who have dropped only three games this season. The high-scoring former Toledo U. star will be supported by teammates of last winter's sensational Rocket quintet

In the only meeting between these two crack teams this season, the Rens defeated the Collegians, 54 to 46, in a game in which the colored stars did not obtain a comfortable margin until the final minutes

* * *

That Chuckovits is a dangerous scorer in any kind of competition was proven in this game when he got loose for 21 points.

* * *

The Renaissance lineup will include the same performers who appeared in the first game here, and fans should see the team taking its foe more seriously this time.

Loyola Not to Hold Smith to Agreement.

LOS ANGELES — (INS)—Loyola university will not hold M. J. "Clipper" Smith, head football coach at Villanova, to his agreement to coach at Loyola this year, it was announced by the board of athletic control today.

Following a special closed meeting of the board, Chairman Charles Bisonette stated: "We graciously release M. J. Smith from his commitment to be head coach at Loyola university. We wish him success."

Nine Tilts on Whippet Sked

Shelby High to Open With Norwalk Eleven Sept. 13; Plays Tygers Nov. 16.

SHELBY—Nine games are included on the 1940 football schedule for Shelby high school, R. B. Graham, faculty manager, disclosed today No new teams were added to the list this year.

Shelby's hopes are again bright this year with eight varsity lettermen returning for the 1940 season. Coach William Query's biggest problem will be to build up his line forces. Only three of the eight players returning from last year's varsity team held line positions. The other five were in the backfield

* * *

Varsity lettermen returning this year in the backfield are Bob Laubie, Bob Ernsberger, Junior Bonecutter, Bill Daugherty and Dick Whitney, while Tom Stock, center; Dean Hunter, guard; and John Hazelwood, tackle, will be the other three players.

* * *

The 1940 schedule follows: Sept. 13, Norwalk, there: Sept. 20, Willard, here: Sept. 27, Ashland, there: Oct. 4, Bucyrus, here: Oct. 11, Crestline, there: Oct. 19, Mt Vernon, here: Oct. 25, Marion, there: Nov. 1, open date: Nov. 8, Galion, there: and Nov. 16, Mansfield, here.

FUN 'N' TRAINING

SAN BERNARDINO, Cal —(U.P.) —Pirate Manager Frankie Frisch indicated he planned to mix a little fun with training when he had his charges play a five-inning game as training opened here. Both teams were made up of plenty of pitchers, playing anything but their usual chores. The game ended with a team managed by Pitcher Bob Klinger winning, 12-7.

Bye In First Round Gives Tygers Break

Mansfield Can Reach Semi-Finals In District Tourney With Only One Victory.

FAVORING the Mansfield high cagers in the draw for this year's district tournament opening at Sandusky Friday night is a first round bye.

The Tygers need to score only one victory to reach the semi-finals, while the teams considered their major rivals must win two games to advance to this round.

Bellevue must win over Tiffin Columbian, which is capable enough to upset the dope on Friday night and Shelby on Saturday. Fremont's assignment does not appear as difficult

* * *

The Little Giants engage Willard Friday night and take on the winner of the Norwalk-Tiffin Junior Order tilt Saturday night if they win their opener.

* * *

Fremont is not expected to encounter any trouble in its first two games, but might find it more difficult to get by its semi-final foe

Baptists Win Second Round

Whip First Methodist, 23-22, To Annex Crown.

Successfully throttling a desperate last-period scoring spurt, the Park Avenue Baptist edged the First Methodist, 23 to 22, at the Y. M. C. A last night to win the second round championship of the Church Class A league.

The Baptist team will meet Mayflower, first round champion, for the Church league title Wednesday, March 13, at the Y.

With the score tied at 10-all at halftime, the Baptist picked up a four-point lead in the third frame and tipped in four more tallies in the fourth to emerge the winner.

First Methodist, battling to win the crown, pumped in seven markers in the last quarter only to see its efforts falling a point short of tieing the score.

The champions were held to a 4-all deadlock in the first chapter, and then took a 19 to 15 lead as play was resumed in the last stanza.

Rush was high-point man for the evening with 10 tallies, while Hazlett and Sites topped the losers with six apiece. Rayburn added seven points to the Baptists' attack

NEW YORK—(U.P.)—It was virtually certain today that the heavyweight challengers' bout between Lee Savold and Bob Pastor would be postponed from tomorrow to March 15 because of Savold's influenza.

The flu-prevented Savold-Pastor tilt was such a top-flight bout that Promoter Mike Jacobs was expected to shift it to March 15 and use it as the main event on that date instead of the questionable Buddy Baer-Valentin Campolo feature which was scheduled.

ED (TIPPERARY) MURRAY will be the next opponent for Jack (Buddy) Walker, dusky champion of Ohio heavyweights. The name may not sound familiar, but Murray is the former Ed Shelby of Shelby, who once fought under Johnny Kalstein's wing. . . . Never let a couple of games like 147 and 138 discourage you. A Detroit bowler started out like that the other night and then finished with a 300. . . . Yes and then failed to reach 600. . . . Pole vaulters have added more than five feet to the record since G. McNichol first set nine feet, seven inches as tops in 1877. . . . COLUMBUS —(U.P.)— Perhaps pointing the way toward better court success next season, sophomore Jack Oberst batted in 26 points last night to give Baldwin-Wallace its first Ohio conference victory of the season, 42 to 32, with Mt. Union as the victim.

They'll Test Chuckovits' Cagers Tonight

Pictured above is the New York Renaissance cage club, world's professional pro champion, which will meet the famous Chuck Chuckovits' Toledo Collegians in a pro tussle under the sponsorship of the City Class A league at Mansfield high school tonight. The personnel of the Rens, left to right: Willie Smith, Tarzan Cooper, Eyre Saitch, John Isaacs, Puggy Bell, Babe Hunt, Pop Gates and Zack Clayton.

Rens Return Tonight To Meet Collegians

Pro Teams Expected to Fill Tyger Lair for Tilts Sponsored by League.

BASKETBALL fans of this vicinity will be offered the most brilliant attraction of the season at Mansfield high school tonight when the New York Renaissance club, world pro champion, meets Chuck Chuckovits' Toledo Collegians on a card sponsored by the City Class A league.

As the Lima Westinghouse team is appearing in a tournament, Hank Richards' Electrics will face the Garber Printers of Ashland in the preliminary game tonight.

The Ashland quintet has won 18 out of 21 games in addition to winning the Ashland city league crown.

* * *

The Rens appeared at the Tyger lair several weeks ago, and their play so fascinated the fans that they are expected to return en masse to see the speedy colored team against a more capable foe.

* * *

Tonight's crowd is expected to be the largest to pack into the Mansfield gym this season.

Chuckovits will present a strong ball club that should extend the famous Rens, who have dropped only three games this season. The high-scoring former Toledo U. star will be supported by teammates of last winter's sensational Rocket quintet.

In the only meeting between these two crack teams this season, the Rens defeated the Collegians, 54 to 46, in a game in which the colored stars did not obtain a comfortable margin until the final minutes.

* * *

That Chuckovits is a dangerous scorer in any kind of competition was proven in this game when he got loose for 21 points.

* * *

The Renaissance lineup will include the same performers who appeared in the first game here, and fans should see the team taking its foe more seriously this time.

Loyola Not to Hold Smith to Agreement.

LOS ANGELES — (INS)—Loyola university will not hold M. J. "Clipper" Smith, head football coach at Villanova, to his agreement to coach at Loyola this year, it was announced by the board of athletic control today.

Following a special closed meeting of the board, Chairman Charles Bisonette stated: "We graciously release M. J. Smith from his commitment to be head coach at Loyola university. We wish him success."

Bye In First Round Gives Tygers Break

Mansfield Can Reach Semi-Finals In District Tourney With Only One Victory.

FAVORING the Mansfield high cagers in the draw for this year's district tournament opening at Sandusky Friday night is a first round bye.

The Tygers need to score only one victory to reach the semi-finals, while the teams considered their major rivals must win two games to advance to this round.

Bellevue must win over Tiffin Columbian, which is capable enough to upset the dope on Friday night and Shelby on Saturday. Fremont's assignment does not appear as difficult.

* * *

The Little Giants engage Willard Friday night and take on the winner of the Norwalk-Tiffin Junior Order tilt Saturday night if they win their opener.

* * *

Fremont is not expected to encounter any trouble in its first two games, but might find it more difficult to get by its semi-final foe.

The Little Giants, providing they win their preliminaries, will oppose either Mansfield or Sandusky in the semi-finals a week from Friday.

The winner of the first game on Friday's opening card between Bellevue and Tiffin Columbian is expected to reach the finals in the upper bracket

* * *

Fremont is favored to advance to the championship round in the lower bracket, despite the fact that it includes the Tygers. Ashland or Port Clinton will be the foe for the winner of the Bellevue-Columbian game in the upper semi-finals, according to the dope.

* * *

Mansfield is not scheduled Friday night, but meets Sandusky in the first game on Saturday's program. The Blue Streak's victory over Ashland this week indicates that they can win without Geno Balconi, who graduated at midseason.

Bellville Tackles McComb

Making its first trip to the sectional Class B tournament as the county tourney champion, the Bellville high cagers meet McComb in an opening round contest at 8:30 p. m. today at Carey high school.

A victory over the Hancock county champion will put the Bluejays into a second round contest Saturday against the winner of the Thompson-Tiffin Calvert game which opens the tourney at 7:30 p. m. today

Lexington, the county meet runner-up, plays its first game Saturday. The Minutemen tackle the Fostoria St. Wendelin combine at 7:30 p. m If Lexington wins it doesn't see action again until Thursday, March 7, when it faces the Bluffton-Chatfield winner.

Baptists Win Second Round

Whip First Methodist, 23-22, To Annex Crown.

Successfully throttling a desperate last-period scoring spurt, the Park Avenue Baptist edged the First Methodist, 23 to 22, at the Y. M. C. A. last night to win the second round championship of the Church Class A league.

The Baptist team will meet Mayflower, first round champion, for the Church league title Wednesday, March 13, at the Y.

With the score tied at 10-all at halftime, the Baptist picked up a four-point lead in the third frame and tipped in four more tallies in the fourth to emerge the winner.

* * *

First Methodist, battling to win the crown, pumped in seven markers in the last quarter only to see its efforts falling a point short of tieing the score.

* * *

The champions were held to a 4-all deadlock in the first chapter, and then took a 19 to 15 lead as play was resumed in the last stanza.

Rush was high-point man for the evening with 10 tallies, while Hazlett and Sites topped the losers with six apiece. Rayburn added seven points to the Baptists' attack.

CLEVELAND PUTS IN BID FOR CONN-LESNEVICH BOUT

CLEVELAND — (AP) — Cleveland is bidding for the title fight between Billy Conn, light heavyweight champion, and Challenger Gus Lesnevich Herbert Buckman, commissioner of Cleveland's Public auditorium said an effort has been made to bring the bout to that hall The fight, originally scheduled for today at Miami, Fla., was postponed by Promoter Mike Jacobs because Conn reported an outbreak of boils

BILL DICKEY SIGNED

ST. PETERSBURG, Fla.—(U.P.)—Catcher Bill Dickey has agreed to terms with the New York Yankees Dickey notified Ed Barrow yesterday that he had accepted terms and the club president telephoned Manager Joe McCarthy that the veteran catcher will arrive from Little Rock, Ark., tomorrow.

PITTSBURGH — Darrel O'Mahoney (27) fielded threw Leo Numa, 225, [illegible] 34 44.

BARONS REGISTER FIFTH OVER LUCKLESS PHILS

PHILADELPHIA — (INS) — The luckless Philadelphia Ramblers today marked down their fifth straight loss to the Cleveland Barons in International-American league hockey play after a big third period gave Cleveland a 2-and-1 victory.

The winning goals were scored by Peg O'Neil on a pass from Bud Cook, and by Larry Moluneaux, who, the Ramblers complained, was responsible for a bit of strategy that left them with but five men on the ice.

'Bull' Demands Second Chance

Asks for Re-Match With Becker at Armory.

The "hottest" individual in 16 states by actual count today is "Bull" Marino, wild Italian light-heavyweight contender from New York City.

An iceberg would turn to molten lava if it came in contact with Marino today and it is difficult even to imagine what would happen to George Becker or the referee of last Monday night's match between Becker and Marino here if they were to run into the "Bull" on the street.

* * *

"If ever a man was victim of pure unadulterated highway robbery it is me" Marino shouted. "I never have heard of a referee giving a decision outside the ring such as Miller did when he awarded Becker the deciding fall in our match Monday night. That is in violation of every rule of the game."

* * *

Marino had reference to the match in the Armory last Monday night in which Referee Miller was knocked out of the ring by Marino and while still outside the ring awarded the verdict to Becker who had also been dumped from the ring by the enraged Italian.

"I'm demanding that Becker be brought back here to meet me," Marino raged. Matchmaker Nolan stated that as far as he was concerned he'd be willing to rematch the men.

KENYON COLLEGE CHOICE IN LEAGUE TANK MEET

BOWLING GREEN—(U.P.)—Kenyon college, door mat of the Ohio conference in football and basketball, looked forward to a measure of revenge Friday and Saturday when its powerful swimming team defends the conference tank championship in the new natatorium at Bowling Green university.

Kenyon, anchored by Speedy Bill Griffin, will be favored to retain its title in the seven-team meet. The Lords have triumphed in 53 of their last 56 meets.

HALF OF REDS' ROSTER ON HAND FOR WORKOUT

TAMPA, Fla.—(U.P.)—Exactly 50 per cent of the roster of the defending National league champions lumbered up today as 19 pitchers and catchers of the Cincinnati Reds held their second workout of the training season.

Those who unloosed muscles were Pitchers Paul Derringer, Bucky Walters, Red Barrett, Joe Beggs, John Cannon, Lloyd Dietz, Eugene Hinrichs, John Hutchings, Lloyd (Whitey) Moore, Elmer Riddle, Johnny Vander Meer, Gene Thompson, Jim Turner and Milburn Shoffner and Catchers Ernie Lombardi, Bill Hershberger, Neil Clifford, Bill Baker and Dick West.

Lombardi was signed yesterday at a reported salary of $17,500. He was demanding around $20,000.

Toledo Cager Nears Chuck's Scoring Mark

COLUMBUS—(U.P.)—Bob Gerber, University of Toledo sophomore ace, may not catch Frankie Baumholtz of Ohio U. in the race for the individual basketball scoring crown in Ohio this year but he should shatter the sophomore mark set at Toledo by Chuck Chuckovits.

Gerber ripped the nets for 21 points recently as Toledo defeated Dayton, 44 to 34, to run his season total to 325. Chuck, his illustrious predecessor, netted 252 his first season in 1937 although he played in only 22 games while Gerber will participate in 25.

Gerber has two more contests against not-too-difficult opposition, Western Michigan and Detroit. The Toledo victory last night was the 22nd in 28 starts for Toledo. Baumholtz seems safe for the 1940 Ohio honors with 350 points at present and three games to play.

Garcia Favored Over Armstrong

LOS ANGELES—(U.P.)—Los Angeles' two stars of the fistic world, Henry Armstrong and Ceferino Garcia, ease off training routines today but blasts of confidence over their battle Friday night grow louder from each fighter's camp.

The encounter, a 10-round match for Garcia's share of the middleweight championship of the world, promises to be one of the bitterest in local ring history, with Hammerin' Henry seeking to annex his fourth title and Garcia out to avenge a 15-round decision lost to the colored lad in November, 1938.

Garcia remains a slight favorite, chiefly because of a hefty weight advantage and the fact that a week's postponement of the bout may have worked more to his cause than Armstrong's.

HAPAC 41 POINTS SHORT OF NEW BIG TEN RECORD

CHICAGO—(U.P.)—Keen-eyed Bill Hapac, Illinois scoring ace and captain, still is firing away at the all-time Big Ten individual scoring record and there's just an outside chance he might set a new mark.

Hapac retained the conference scoring lead in the last two games, piling up 35 points for a nine-game total of 143 This is 41 points shy of the record of 184 set by Jewell Young of Purdue two years ago. The Illinoi star has two games to play.

DON IN SEMI-FINALS

NEW YORK — (U.P.) — Don McNeill of Kenyon college and Frank Bowden, New York, met in a semi-final match of the national indoor men's singles championship today. The winner probably will play the title match with Bobby Riggs of Chicago, No. 1 amateur, who is expected to win a semi-final victory tomorrow over Frank Froehling, also of Chicago.

Nine Tilts on Whippet Sked

Shelby High to Open With Norwalk Eleven Sept. 13; Plays Tygers Nov. 16.

SHELBY—Nine games are included on the 1940 football schedule for Shelby high school, R. B. Graham, faculty manager, disclosed today. No new teams were added to the list this year.

Shelby's hopes are again bright this year with eight varsity lettermen returning for the 1940 season. Coach William Query's biggest problem will be to build up his line forces. Only three of the eight players returning from last year's varsity team held line positions. The other five were in the backfield

* * *

Varsity lettermen returning this year in the backfield are Bob Laubie, Bob Ernsberger, Junior Boncutter, Bill Daugherty and Dick Whitney, while Tom Stock, center; Dean Hunter, guard; and John Hazelwood, tackle, will be the other three players.

* * *

The 1940 schedule follows: Sept. 13, Norwalk, there; Sept. 20, Willard, here; Sept. 27, Ashland, there; Oct. 4, Bucyrus, here; Oct. 11, Crestline, there; Oct. 19, Mt. Vernon, here; Oct. 25, Marion, there; Nov. 1, open date; Nov. 8, Galion, there; and Nov. 16, Mansfield, here.

FUN 'N' TRAINING

SAN BERNARDINO, Cal.—(U.P.)—Pirate Manager Frankie Frisch indicated he planned to mix a little fun with training when he had his charges play a five-inning game as training opened here. Both teams were made up of plenty of pitchers, playing anything but their usual chores. The game ended with a team managed by Pitcher Bob Klinger winning, 12-7.

SAVOLD'S INFLUENZA POSTPONES FIGHT

NEW YORK—(U.P.)—It was virtually certain today that the heavyweight challengers' bout between Lee Savold and Bob Pastor would be postponed from tomorrow to March 15 because of Savold's influenza.

The flu-prevented Savold-Pastor tilt was such a top-flight bout that Promoter Mike Jacobs was expected to shift it to March 15 and use it as the main event on that date instead of the questionable Buddy Baer-Valentin Campolo feature which was scheduled.

PAM—A Decision. By A. W. Brewerton

THE KINDLY OLD COLONEL IS MUCH CONCERNED OVER PAM'S PROBLEM!
"TO MY DEAR COUSIN, PAMELA POTTER, BUT ONLY ON CONDITION THAT SHE REMAIN SINGLE ALL HER LIFE"! —HUH!—I BELIEVE —THAT WILL COULD BE BROKEN!
INTERFERING WITH ONE'S CONSTITUTIONAL RIGHTS—AND SO ON!—BUT—PAM WOULD NOT AGREE TO A FIGHT!— HER COUSIN WAS GIVING THE MONEY TO HER TO KEEP HER FROM MARRYING—SO THAT'S THE ONLY WAY SHE'D ACCEPT IT!
AND IF PAM SIGNED AN AGREEMENT, SHE'D KEEP IT!
SHE'S ALSO TORN BY A SENSE OF DUTY TO HER PARENTS TO ACCEPT THE LEGACY TO HELP THEM!— WISH I COULD ADVISE HER! —WHATEVER SHE DECIDES, SHE'LL ALWAYS AFTER HAVE QUALMS OF CONSCIENCE!
WELL—I'VE REACHED MY DECISION! —I'M GOING TO WRITE IT TO MR. WHITE-SIDE AT ONCE— —'FORE I CHANGE MY MIND!
WHAT DO YOU SUPPOSE IS THE DECISION?

STOCK PRICES LEVEL AFTER INITIAL RALLY

Aluminum, Ltd., Rises on News That British Will Take Output of Subsidiary.

(By Associated Press)

NEW YORK—Stock prices leveled off today after a small initial runup as traders adopted a watchful policy.

Fractional gains and losses struck a balance near the second hour and trading slowed to a walk.

Aluminum Ltd., jumped 1¾ to 103 at the curb's opening on the news that the British government had arranged to take the full output of a subsidiary, Aluminum Co. of Canada.

Bonds were uneven. Commodities rose on reports of new foreign buying. Amsterdam and Paris markets improved, but London was irregular.

New corporate bonds totaling $131,000,000 were placed on the market on behalf of Bethlehem Steel Corp., and Kentucky Utilities Co. The Bethlehem bonds, amounting to $105,000,000 were offered by 112 firms.

Observers of the marketing situation continued efforts to judge the effects on share prices of the presumably more-or-less constant sales of British-owned securities in Wall Street.

Many authorities agreed this tended to have a depressing effect on quotations. However, it was pointed out in some quarters that practically all the money realized from the sales of these securities was being spent in the United States for United States' products, thereby improving the earnings of the American companies concerned.

Government figures on employment coincided on a percentage basis with recent reports of carloadings, steel production and electric power in showing an early-year decline from late 1939 but a healthy advantage over the early part of last year.

'SMEAR' DRIVE STIRS CAPITAL

'Inside' New Dealers Reported in Move to Remove Hoover as FBI Chief.

(Continued From Page 1)

Roosevelt, who is popular with the great masses of the American people, he is J. Edgar Hoover. He is looked upon generally as the man who gave security to American homes when he stamped out kidnaping. For that alone, his place is secure with the American people. They will not tolerate this campaign of assassination."

The "Smear Hoover" campaign broke with fury in Washington in the past week. Hoover was attacked for idling his time away in a Florida Beach resort and his organization assailed for "OGPU" methods in arresting Communists in Detroit.

One story assailed Hoover for spending his time in Florida in an $800 a month cottage, inferring the government was paying for the G-Man's vacation. The fact is Hoover gets $5 a day expense just like the rawest recruit in his organization, when working, and nothing when on vacation. The fact also is that, while Hoover has been in Florida, his men have arrested 40 fugitives from justice and 11 white slavers there. The fugitives included confidence men, bank embezzlers and automobile thieves.

STEELS, MOTORS AND AIRCRAFTS IGNITE RALLY

Pace General Advance in Active Trading; List Up Major Fractions.

(By Associated Press)

NEW YORK—Aircrafts, steels and motors assumed leadership in lifting the stock market out of the doldrums today.

Advances of major fractions appeared all along the line in fairly active trading.

Bonds were firm. Commodities were uneven. Levels on the Paris bourse rose a little, but London and Amsterdam were unsteady.

Commentators noted an absence of participation by the general public in market dealings, viewing the operations as almost purely professional and, consequently, lacking in any great momentum.

Airplanes and automobiles were looked upon by Wall Street as providing the foremost bright spots in the somewhat lighter industrial horizon. Both industries were operating at increased momentum with the sky literally the limit for aviation output.

Railroads reported themselves operating at a rate 10 per cent higher than in 1939, largely because of increased commodity shipments.

High ranking among these commodities was cotton. The commerce department reported 1,125,000 bales were exported in January compared with 327,000 in the like 1939 month.

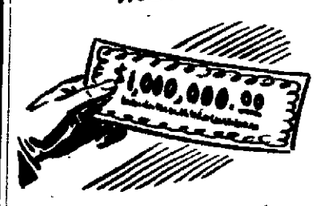
What does a Million Dollars mean?



● A million dollars represents many things to many people. To beneficiaries of insurance through the Standard Oil employees' Mutual Benefit Association, the one million dollars paid out in the last 11 years has meant help and comfort—at that critical time when life's span has suddenly ended for one of our SOHIOANS.

Besides providing death benefits through insurance, the Association's policy also assures sickness benefits—amounting to two-thirds of regular pay for as long as 52 weeks. And, in addition, Standard Oil employees cooperate with their company in a pension plan that is exceptionally broad and liberal.

At Standard Oil we believe "Mutual Benefit" really means mutual help whenever the need or emergency arises. For after all, ease of mind for those unpredictable events makes daily working and living a lot happier—a lot better.

Nazis Silent as Welles Nears Berlin

LENGTHY VISIT WITH GERMAN FUEHRER SEEN

Secretary Leaves Switzerland, Starts Tour Into War Zone; In Berlin Tomorrow.

TWO CONFERENCES LOOM

Reports Indicate U. S. Envoy, Hitler Will Meet Twice; New Talk With Duce Set.

BULLETIN

ZURICH, Switzerland—(INS)—Cheered by crowds so enthusiastic that they broke police lines and delayed his departure, Sumner Welles, American undersecretary of state, left for Berlin at 4:07 p. m. today.

(By United Press)

ZURICH, Switzerland—Sumner Welles started into the war zone today, en route to Berlin to continue his European inquiry by conferring with Adolf Hitler.

Welles is expected to remain in Berlin until Sunday night, conferring with Foreign Minister Joachim von Ribbentrop and Marshal Hermann Goering in addition to Hitler.

He will return to Switzerland before continuing to France.

In Zurich, Welles summarized the results of his talks at Rome in a conference with Leland Harrison, the United States minister to Switzerland. From Zurich, his train had only a 50-minute run to the German border.

He will arrive tomorrow morning. The German press was entirely silent on his coming. The only intimation the German public had were denials in the press of "British reports" that Hitler would submit a peace plan to Welles.

Nevertheless, discussions of a "peace offensive" in connection with Welles' tour of European capitals continued. In Paris, observers pointed out that Welles had visited Premier Benito Mussolini of Italy quickly after he landed, and that he planned to see Mussolini again before leaving for America, indicated that "Mr. Roosevelt's emissary really has something in mind." Mussolini is known to be interested in stopping the war.

Welles is expected to stay in

His 'First' Birthday - -

David Rachel, 4 . . . celebrating 1st birthday anniversary.

- - She Has Her 21st

Mrs. William Ryan, 84 . . . has 21st anniversary today.

Born Feb. 29, It's Long Time Between Their Birthdays

Today is the quadrennial birthday anniverseries of all those unfortunate leap year babies who make their earthly debuts on a Feb. 29.

In Mansfield David Rachel, 4, is observing his first real birthday anniversary, while in Lorain, Mrs. William Ryan, a native of Richland county, is celebrating her 21st birthday. She is 84 years old but actually has had only 20 birthday anniversaries, since there was no leap year in 1900.

David is the son of Mr. and Mrs. Raymond Rachel, 611 Longview avenue, and he was born Feb. 29, 1936.

Mrs. Ryan, who was born on a farm near Mansfield, Feb. 29, 1956, and although she is technically "old enough to vote" today, she won't exercise the right, for she doesn't think women should have any part of politics.

Young David has borrowed Feb. 28 on the last three years because he refuses to be cheated out of his birthday, but Mrs. Ryan has observed only her real birthdays in the years when there was an additional day.

The only leap year baby born at General hospital up to noon today was a baby girl born to Mr.

Soviets Blast At Finn Lines In Coastal City

Moscow Says Six Small Finnish Towns Captured Along With 42 of Finland's Forts; Finns Claim Soviet Troops Stopped On East Mannerheim Line.

(By Associated Press)

Three months after invading Finland and one month after starting a redoubled isthmus offensive the Red army today smashed closer to Viipuri, bringing the first major Finnish city almost within Russia's grasp.

Fighting in Europe's other war remained insignificant compared with the battle being waged by Finland and Russia for control of the Karelian isthmus which connects the two nations between the Gulf of Finland and Lake Ladoga.

Six small Finnish towns were captured, the Russians announced, also claiming 42 more fortifications had capitulated before the continued hammering of Soviet military might.

Most intense fighting for Viipuri, coastal city on the western rim of the isthmus, centered four miles from the city limits. Viipuri lies 50 air miles from the Russian frontier, and to reach it the Red army has had to batter terrific Finnish resistance and storm at least part of the broad band of fortifications which forms Finland's Mannerheim defense line. The invasion of Finland started Nov. 30, and an intensive isthmus drive was started by Russia Feb. 1.

A crucial Finnish loss were the Kolvisto fortifications, western anchor of the defense line, which fell five days ago. Since then the Red army slowly has drawn closer to Viipuri, now empty of civilians but once Finland's third largest city.

The Finnish forces were holding firm, however, on the eastern end of the Mannerheim line near Taipale and Russia has made no signal gains recently on other sectors of the snowy northern front.

Air raiders were driven off Helsinki again without dropping bombs.

German and Allied planes both carried out scouting operations on the western front and Germany reported the capture of "numerous" prisoners in repulsing an Allied patrol attack.

OPPOSES NLRB

Former Director in Favor of Abolishing Board.

CLEVELAND—(AP)—Abolition of the national labor relations board and establishment of four new labor authorities were proposed to government leaders today by James P. Miller, former Cleveland NLRB regional director.

Miller resigned last May after a disagreement with the board over administrative procedure.

He sent his suggestions for revision of the Wagner labor relations act to President Roosevelt, Sen. Robert F. Wagner, author of the law, and to the house and senate investigating committees.

'BUMMER RAP'

He Thought He Got a Raw Deal But Jury Gave Him More.

CHICAGO—(AP)—Peter Nowak, 32, thought he got a "bum rap" in 1938 when he was sentenced to 15 years in prison for rape after a bench trial. He appealed to the state supreme court for a new trial. It was granted. Yesterday a jury convicted him.

The new sentence: 199 years.

Boy, 16, Who Took Auto For Joyride, Walks Into Trap

A 16-year-old boy who was recently released from the Boys Industrial school at Lancaster, was held in jail today for the theft of a city employe's automobile he confessed to "borrowing" for a joyride Wednesday night.

He was arrested last night as he walked into a police trap at the home of a girl friend with whom he had a date.

Lieut. Bruce Friday who acted on a "hunch" yesterday and picked up a youth who had been with the boy Wednesday night when he eluded police, said he had been "tipped off" that the suspect was to meet the girl last evening.

Officers waited in the neighborhood until he left the home and then arrested him.

Police said the boy admitted stealing Municipal Court Clerk Ralph Hughes' automobile from in front of his home and escaping from Capt. John Miller and Patrolman O. D. Fair as they sought to halt him at Second and South Main streets when he stopped for a traffic signal.

Friday said that the youth confessed today to the theft of six automobiles which he had abandoned after joyriding since his release from Lancaster early this year. He had served a term for auto theft.

STEAL CONSTABLE'S CAR

COLUMBUS, O. — (AP) — Police searched today for a stolen automobile with the inscription, "Constable, traffic regulations," on its sides and rear. It was taken from a parking space in front of police headquarters while its owner, Constable Charles E. Baughman, was visiting inside.

G. O. P. 'Poured Money' Into 17th To Win, Davey Charges

Discounting the significance of Republican victories in Tuesday's special congressional elections in the 17th and 22nd districts, former Governor Martin L. Davey charged today that the Republicans won because they had more money to spend than the Democrats.

Meanwhile in Cleveland a taxpayer's suit was filed in common pleas court there seeking to prevent the certification of Mrs. Frances Bolton as congresswoman from the 22nd district.

The action, filed in behalf of Frank Morton, East Cleveland taxpayer, charges that the call for a special election in the district was illegal because it did not allow sufficient time for the filing of petitions by independent candidates.

State and national Republican leaders were not justified in interpreting the 17th district victory as indicative of a Republican trend because "the Republicans poured great quantities of money into that contest for the purpose of making a showing," Davey said in a statement issued at Kent.

"The Republican state headquarters concentrated on that contest everything required to achieve the desired result. Apparently they realized the importance of that election," he said.

The former governor, who campaigned for Byron B. Ashbrook, Democratic candidate in the 17th district, contended that the heavy snow election day, which tended to keep voters at home, was an "advantage to the Republican candidate who had an abundance of men, money and state equipment at his disposal."

He charged further that Republicans used state highway workers and equipment to get out the vote, while the Hatch law, forbidding political activity, kept

ASK BOND BIDS

Bridge Commission Would Reduce Interest Rate.

COLUMBUS—(AP)—Backed by a state supreme court decision, the Ohio bridge commission called for bids today on Sandusky Bay bridge refunding bonds to save an estimated $20,000 in interest.

The six to one decision upholding legality of the law establishing the commission came yesterday on a test suit to compel Secretary of State Earl Griffith to sign the $1,300,000 refunding issue. The new bonds would bear 2 per cent interest instead of the 3½ per cent on the present issue.

Since the bridge commission and the state building authority operate in the same manner, by servicing bonds out of income, it generally was expected that the building authority also would be upheld by the supreme court in a suit to be filed soon.

WELCOMES PROBE AT GALLIPOLIS

Superintendent Wants Grand Jury Report Studied.

GALLIPOLIS—(U.P.)—Dr. George G. Kineon, for 30 years superintendent of the state hospital for epileptics here, said today he welcomed an investigation into what the Gallia county grand jury charged was "gross neglect of duty" in administration of the institution.

Though Dr. Kineon was not mentioned by name, the jury charged that funds had not been supervised properly. Byron Bodimer, former assistant finance officer at the hospital, was charged with embezzling $7,600.

Charles Sherwood, state welfare director, announced in Columbus that he would read the jury's report and investigate its charges.

CAPTURE PAIR IN GAS STATION

Police Arrest Young Burglars After Another Station's Held Up and Robbed.

The crime careers of two youths, one 17 and the other 18 years old, were cut short last night by police who caught them burglarizing a gasoline filling station.

The pair was captured in a station at East Fourth street and Ashland road shortly after a lone gunman held up and robbed an attendant at Owen's filling station, 328 South Main street, of $30.

William Holliday, 30 Willow street, told officers that the bandit entered the station about 8 p. m., ordered him into a washroom and then looted the cash register.

Police said the man answered to the description of the gunman who two weeks ago held up and robbed the Pure Oil filling station at Lexington and Mendota street.

The youths captured in the Ashland road station last night by Capt. John Miller and Patrolman John Gilbert had entered the station by smashing a rear window, the officers said.

Called to the station by a nearby resident who had seen the youths enter the building, the officers with drawn guns ordered the youths outside. They said neither was armed.

Both are said to have police records. They are expected to be questioned this afternoon by detectives concerning recent burglaries.

Indiana Lawmaker Named In $10,000 Damage Action.

ZANESVILLE — (INS) — Ten thousand dollars damages for personal injuries were sought today of Sen. Sherman Minton (D.-Ind.), by Mrs. Freda Teets, of Chillicothe.

In a suit filed in common pleas court, Mrs. Teets alleged that the senator's car injured her in an accident near New Concord on June 3, 1939. Minton was driving from Washington to his home in New Albany, Ind., at the time.

'Smear' Campaign Against FBI Chief Stirs Capital Circles

(By International News Service)

WASHINGTON — A "smear Hoover" campaign, initiated by a group of inside New Dealers for the purpose of driving FBI Director J. Edgar Hoover, of the Federal Bureau of Investigation, into private life, today provoked serious concern on Capitol Hill.

The goal of the "Smear Hoover" movement is to obtain control of the federal bureau of investigation and turn it into a political gestapo prior to the presidential election, International News Service was told by a high New Dealer who sides with the Chief G-Man.

Thomas G. Corcoran, New Deal brain-truster, is reported to be the "brains" of the drive against Hoover. He is said to be nursing long-time animosity for him.

The "plot" against the Chief G-Man was described by the pro-Hoover New Dealer in these words:

"A small group of New Dealers have turned the character-assassins on J. Edgar Hoover for the express purpose of driving him into private life. They are led by Tommy Corcoran.

"This group realizes that Hoover is the one single non-partisan, pro-public servant in the entire federal government all other government employes from cabinet officers on down have their political moments.

"In the group are men who have found to their sorrow that they cannot give orders. So they are intent on getting him out of the federal government."

"This group proposes to obtain control of the federal bureau of investigation and turn it into a political gestapo. They propose to do this now, months before the presidential election.

"I do not believe they will succeed. If there is one man in the government, outside of President

FLOOD RAGES

Crest of California Inundation Moves Southward.

SAN FRANCISCO — (AP) — The crest of a disastrous northern California flood moved southward along the storm-cluttered Sacramento river today, leaving a trail of inundated towns and ranches and threatening to burst levees downriver.

Two towns were practically submerged, many others had inundated sections, two persons were dead, thousands of acres of farm lands were under water and more than 4,000 persons estimated homeless.

In Sacramento, Federal Meterologist E. H. Fletcher said he had been informed levees at Princeton and Butte City, hamlets about 70 miles north of the state capital, might go our during the night, spreading water over more areas of the rich Central valley.

The towns of Gerber and Tehama, about 115 miles north of Sacramento, were nearly covered by flood waters.

HELD IN JAIL

Suspect In Columbiana Bank Robbery Case Faces Charges.

DETROIT— (U.P.) — Lester Lewis Corey, reputed member of the Cross brothers gang of western Pennsylvania, today awaited removal to Cleveland to await trial on a charge of interstate flight to evade prosecution for bank robbery in Columbiana, O.

Corey waived removal procedure before Federal Judge Edward J. Moinet and had his bond reduced from $50,000 to $25,000. He was arrested Tuesday in an exclusive apartment hotel.

A Whale of a Lot of Snow Is This Whale

The 20-feet long snow whale, shown above, is one of two large animals built of snow in the front yard of the R. A. Warden home at 41 Altamont avenue, which attract the attention by passing motorists. Both animals were modeled by George, William and Mary Warden in less than a day. The whale, measuring 20 feet long, is hollow and stands four feet high. The other replica, an elephant, is six feet long and five feet high.

If You're Lucky You Can Still Get Special Auto License Tag

Mansfielders, if luck is with you, you still have a chance to get that special auto license tag you've been dreaming about these five long years.

Requests for special letter and number combinations have been received at the Bureau of Motor Vehicles in Columbus at the rate of about 500 a day, but today's the deadline for applications for special letter and number combinations.

About 15,000 of the 1940 tags will go on sale tomorrow at the Richland County Auto club, as distribution of the licenses opens throughout the state. Motorists will not be allowed to use them until March 10, however, Frank Beverstock, deputy registrar, pointed out.

In addition to license sold at the auto club, there are between 800 and 900 Mansfielders who have the low numbered special plates. There are approximately 75,000 of these plates issued every year throughout the state, some of which spell out words like J I M, M I N, and S I N.

They have been issued on a first-come-first-served basis since 1935. There is no extra fee for issuing special tags although the cost to the state is about $15,000 a year, Cy Wallace, motor vehicle registrar, said.

ADVERTISE YOUR AUCTION SALE

The best and most economical way to do that is with a News-Journal Want Ad—it will reach practically every home in Richland County. And experience has proven that good crowds go "hand in hand" with Want Ad advertising. Good crowds mean good prices—which pays for a Want Ad many times over.

To place an ad call Canal 4251 or you can mail it in.

CAUSES ALARM

Gloria Dickson, Hollywood Actress, Missing for Week.

LOS ANGELES—(AP)—The Los Angeles Examiner said today that Gloria Dickson, young motion picture actress, had been missing since last Thursday and that her husband, her mother and friends were concerned over her absence.

The paper quoted the actress' husband, Perc Westmore, film studio makeup expert, as saying that Miss Dickson telephoned from New York last Thursday that she was ill, was leaving at once for Hollywood and would arrive Monday.

When she failed to arrive, Westmore was quoted as saying he checked with the Essex hotel in New York and found that Miss Dickson had left, presumably for Hollywood, Thursday night.

The newspaper said Westmore added that he and Miss Dickson, who had been making a personal appearance tour, had had a "serious disagreement."

AN INDEPENDENT NEWSPAPER

MANSFIELD, OHIO, THURSDAY, FEBRUARY 29, 1940.

Some people pay as they go—others merely go.

Everyone reserves the right to "his own opinion"—especially on subjects that he knows very little about.

This is one of those "old-fashioned winters" that the children have been told about but had probably never heretofore experienced.

Objections to Census Questions

WITH nearer approach of the time for starting the federal census, complaints are becoming more general against the intended snooping of census-takers into what have heretofore been regarded as private affairs of citizens.

It is contended that some of the personal questions to be asked in the forthcoming census are impertinent, unnecessary and susceptible of abuse. Particular objection is raised to queries relating to the amount and source of income of the individual and to the amount of rent he pays or the size of the mortgage on his house.

While a theoretical secrecy veils the information thus gathered it cannot be avoided that the politically appointed census-takers (men and women) live in the same local subdivision, precinct, ward or township, as the citizens they will question, and that there is no way to curb a very human inclination to gossip about how much so-and-so earns, how much he owes on his property, what rent he pays—and other intimate details of family life that are not ordinarily broadcast.

Information as to financial condition of citizens may provide an additional mailing list for peddling "baby bonds," or for development of some other New Deal taxation schemes —but how prying into personal affairs can serve any of the intended purposes of a federal census has not been made clear—except that gathering and tabulating the great mass of material will make a longer job of the census and provide excuse for hiring more deserving New Dealers in the census department.

A senate subcommittee is now engaged in re-examining the scope of census questions. Common sense and reasonable rights of privacy demand that census questions should be confined to the customarily accepted essentials of this decennial check-up of population.

Japan's Methods In China

DR. WALTER H. JUDD, a formen medical missionary in China, has been telling almost incredible tales of horror about the way the invading Japanese operate to kill both the bodies and the souls of their Chinese victims.

He paints pictures of the greatest trek of a harassed population in human history—the movement of 30,000,000 Chinese men, women and children westward for more than a thousand miles, suffering incredible hardships and dying by the million of cruelty, starvation and disease, yet slowly re-establishing their civilization far from their persecutors. As for the scores of millions who remain in eastern China, he says the invaders are deliberately trying to destroy them by re-establishing the culture and use of opium and violating their homes.

It is not the Japanese people who are doing this, he explains, but the uncontrollable military imperialists, who head the Japanese army and run the government. And he sees small hope for either country unless this cruelty and corruption are ended.

It could be rather easily ended, he thinks, by the United States, without war. The Japanese militarists, he points out, cannot continue their war for the destruction of China and the mastery of eastern Asia without our war materials. They depend more than ever on our trade, to pay for that material.

He says our rising exports to Europe will far exceed any losses we would sustain in refusing to continue arming Japan in her undeclared war.

Long Lifetime as a Loafer

FROM the public accounts of his career, Edwin Forest Wilder of Cincinnati seems to have won the loafing championship of his generation. Or rather of his generations, for he lived through three of them. He toiled at some mild job for two years, then quit.

From that time on, a matter of seventy years or so, according to his own boast, Wilder lived "as a man of leisure, doing just what he wanted to do and answerable to no one." He was able to do that because he inherited a fortune and increased it by "shrewd speculation and playing the horses." He graduated from a law school, along with William Howard Taft, but never took a case.

It's interesting to compare those two men. Taft, though confessing that his natural inclinations were "lazy," worked steadily throughout his life. He practised law, became a prosecuting attorney, internal revenue collector, superior court judge, solicitor general of the United States, judge of the Ohio circuit court of appeals, dean of a law school, commissioner and governor of the Philippines, secretary of war, reorganizer of Cuba, president of the United States and chief justice of the United States—a busy and useful life.

It is the extremes in this comparison that attract attention. In a milder way every city and town has instances of recognizable similarity—if you'll take the trouble to look for them.

Plight of Americans Living Abroad

WEALTHY Americans who form "foreign colonies" in European capitals are having a tough time of it again, as the war perils slosh around them. The most pitiful case reported so far is that of Mrs. James W. Corrigan, mistress of an American steel fortune, who has lived abroad for many years. In Paris she complains bitterly of the cash contributions that such residents are expected to give for various war funds.

"It is utterly impossible for me to do another thing," she declares in an indignant letter answering an appeal for the families of French soldiers. "I am now reduced to two gowns and the barest living." She demands to know why they ask "only Americans" to support such charities, and thinks it would be "a delightful idea" to ask the French for some money.

Maybe it would. Anyone can understand how a person, with only a few millions left, must feel about such nagging appeals. But the Frenchman to whom she wrote was so rude as to reply that the French are giving something they consider more valuable than money—that is, their lives.

A government expert says the earthworm is the farmer's best friend—always doing its good turn.

Watching Trends

—By PRESTON GROVER

WASHINGTON—A candid study of the testimony before the house committee investigating the National Labor Relations Board indicates that the cause of trouble is no greater in the board itself than in the fact that stubborn leaders of two rival labor organizations won't make peace.

Many of the amendments to the Wagner Act suggested during the two months of hearings are directed at solving problems which probably would solve themselves except for the conflicting ambitions of the A. F. of L. and C. I. O.

A primary complaint from employers has been that they must supinely suffer losses while rival unions strike and picket each other in disputes over who is to be the bargaining representative. That has prompted certain of the amendments designed to give the employer the right to appeal directly to the board.

* * *

Dispute Over Craft Unions.

THE principal charge that the A. F. of L. makes against the board is the assertion that the board has handled too many cases in a way that benefited the C. I. O. President William Green of the A. F. of L. outlined four objectives to be sought by amendments, at least three of which were prompted by the inability of the two great labor organizations to reach an understanding without the board.

Green insisted that craft unions should be permitted to bargain independently of other workers if they chose. Right or wrong, the board has ruled frequently that skilled craftsmen and unskilled workers alike should be required to bargain together. Because without the craftsmen the unskilled are in weaker positions.

Green didn't hide his reasons. Skilled craftsmen who bargain independently get more than when they are lumped in with the unskilled brackets—and the A. F. of L. pushes organization by crafts.

Because of the board's disposition in this regard, Green asked that the whole board be removed and a new one substituted whose policy would be to let craftsmen bargain when they chose.

As a sample of what was happening to his crafts, Green said that all longshoremen on the entire Pacific Coast had been directed to bargain as one group—under Harry Bridges' C. I. O. unit —with the result that Green's A. F. of L. unions at Tacoma, Wash., San Jose, Calif., and elsewhere were submerged. A. F. of L. carried the case to the Supreme court but the court held against it, saying congress must remedy the trouble.

* * *

Other Complaints.

TO HELP remedy the situation, Lloyd K. Garrison, dean of the Wisconsin law school and former chairman of the NLRB, suggested that the board be deprived of its power to decide whether A. F. of L. or C. I. O. should be the barbaining agent. Let the labor leaders settle that before coming to the board, he advised.

Momentarily the idea was popular, but on second thought many suspected it would be an open invitation to a host of rivalry strikes, with the board powerless to intervene. Garrison said, however, that it worked successfully in England. But there, he conceded, the rival labor leaders sit down together and argue their cases. C. I. O. and A. F. of L. will not do that.

There are complaints against the board outside of the A. F. of L.-C. I. O. group. Members of the house investigating committee think the board's rules of evidence are too loose. Almost anybody can say almost anything at a labor hearing, committee members have said, and the testimony will be considered. The board says such evidence is considered only for what it is worth.

Again, members of the committee feel the board has gone far beyond its powers in some respects, notably in imposing penalties. For instance, the Waumbec Mills of Manchester, N. H., were ordered to employ and give back wages to a man who never had worked for the company. The board found that he had been refused a job because of union affiliation. The case is now on test.

SPHINX, PYRAMIDS AND EVERYTHING

Listen, World!

They've Never Lost Their Baby Teeth.

—By ELSIE ROBINSON

YOU'VE wondered about them—haven't you?—those puzzling, exasperating people who look like grown-ups and talk like grown-ups, but somehow never quite fit into the grown-up world.

The men who should be hanging up records in business and professional life but are, instead, loafing around, footloose, at odds with everyone. They never can hold a job more than a few weeks, and, to hear them tell it, it's never their fault. Someone's always picking on them—making them the goat.

Then there are the Master Minds who can't bother to perform the commonplace chores because they're always expecting Something to Turn Up. The fellows, with the Great Invention that will revoluntionize the world —if someone will only capitalize it. Or the epoch-making scheme for government.

Plenty of women like that, too. Restless, uphappy women with hungry eyes. Strange they can't be contented! They've comfortable homes, good husbands, nice children. But—it isn't enough. They want Something Else. So on and on they go—joining new Movements—taking up new Cults —experimenting with new Fads. Or, perhaps, having Affairs.

Or there's that tiresome tribe—the Collegiate Kids of 35 and 40, who are never happy unless they're Cutting Up — organizing Parties—making Wisecracks. Serious talk bores these mellow babies to tears. One nightmare haunts them all—the thought of growing old.

What ails them—these queer people who can't click with a grown-up World? They don't know, themselves: would refuse to admit that anyone does. But any mind doctor knows their secret. It started long ago, when they were brooding youngsters looking enviously at their elders, thinking how wonderful life would be when they were grown up, too, and could do just what they pleased.

Remember that time in your own life—your timid, sensitive, self-conscious 'teens—and the dizzy dreams you had of the happy days when you'd be entirely free and independent; glorious days when life would hold no more puzzling problems, no more hateful obligations? Duties — how you loathed them! But some day!

But the years passed, and bit by bit, you discovered that grown-up life wasn't like your dream at all. To the contrary, it was far drearier than youth—far more filled with restrictions and responsibilities. And at first you were bitter and frightened and filled with self-pity at this discovery. But gradually your childish terrors passed—you learned to adapt yourself—learned to bear your maturity proudly.

But those others—they wouldn't give up their infantile dreams as you gave up yours. Outwardly they seemed to fall in line. Inwardly, they clung to their adolescent fantasies — their youthful sentimentality, idealism and peevishness. Somewhere, sometime, they'd find the perfect world of which they'd dreamed, the perfect job, the perfect mate, the perfect program. Then, at last, they'd be Conquering Heroes, Fairy Princesses!

So they wait — these grown-up babies — wait for the baby dreams to come true. Flying in the meantime from reality . . . seeking refuge in tantrums, fantasies and playgames.

Like Peter Pan — remember? Weird, wistful little Peter Pan, who flitted about forever in his nightie and never lost his baby tooth! These men and women who look like grown-ups but aren't—thousands and thousands of them —they too have never lost their baby teeth!

Childish Behavior.

Considering that Washington, D. C., is headquarters for the reputed best brains in both factions of the organized labor movement, the incident reported by our Mr. Moody is astounding.

Two prominent F street retailers recently have been modernizing their establishments, using union labor in each case. Now both are being picketed, the one by CIO construction workers, the other by AFL painters. The complaint in each case was that the union labor employed was of the opposing faction. The picketing of one store continues long after the work has been completed, because, it is explained, the rival faction continues to picket the other store.

This exhibition of childishness is not exactly novel. Like incidents are not unknown elsewhere. But this, mind you, is on F street, Washington, D. C., which is the Capital's principal shopping center, frequented by wives of congressmen who presently will be voting on labor legislation!—Detroit News.

"Is in the hands of God."
Acknowledgement supreme from one

Acknowledgement supreme — beyond
The present who can see?

Let future rest behind the veil
And do not seek to find
Its story, take today, with all
It offers, fill the mind.

Ohio Anecdotes

Last Of The Cavaliers.

Ohioan Gen. George Custer's youth yielded no indication that he was destined to become one of the country's greats in military history.

Graduating at the foot of his class of 34 at West Point, June 24, 1861, he was court martialed a few days later for not stopping a first fight between two cadets. Although he was adjudged guilty, the decision was pigeon-holed in Washington and he was ordered back to duty.

His brilliance was shown in numerous colorful Civil war battles. His greatest feat was the rout and pursuit of Gen. Robert E. Lee's army from Richmond in 1865. Custer's cavalry relentlessly cut here and there along the Confederate lines. The final flag of truce—a crash towel—was brought to Custer.

Later Custer received the towel as a personal gift along with a table for his wife upon which was written the terms of the south's surrender by Gen. Ulysses S. Grant. Custer and his entire command was wiped out by an overwhelming Indian force in the west June 25, 1876.

Man About Manhattan

—By GEORGE TUCKER

NEW YORK—They say Toscanini shakes his head regretfully when someone mentions that Jack Jenney is leading a swing band. Jenney came out of nowhere one night to do a favor for Toscanini, and Tosky has never forgotten. He needed very badly a trombonist to play a very high and difficult passage from one of Schumann's symphonies, and had just about decided to withdraw the number from his concert when he heard Jenney on a radio program. Sure, he would give it a try, Jenney replied to Toscanini's request, and he did, to Toscanini's immense satisfaction.

Some months ago, Paul Whiteman nominated his All-America swing band for Colliers, and Jenney was selected over such men as Skinny Ennis, Bunny Berrigan, and Harry James, all of whom are well known to conductors but not to the dancing public. He appeared on as many as 20 radio programs a week, but always as a trombonist in studio orchestras.

Jack Jenney's real name is John Elliot, and why he changed it or thinks Jenney is a better one I wouldn't know. Jenney to me sounds too artificial and too deliberately theatrical. What does a name matter anyway if you are good?

THERE may be something to Guy Lombardo's idea of musical horns for motorists in various states. Lombardo would like to see every car in New York equipped with a horn that would blast out eight bars of "The Sidewalks of New York." Instead of frightening pedestrians out of their wits with the drum-shattering blasts of regular motor car horns, Lombardo thinks the idea would lessen metropolitan confusion and add to the general gaiety of the nation.

For Texas he recommends "The Eyes of Texas Are Upon You;" for California, "California, Here I Come;" Maine, "The Stein Song;" Illinois, "Chicago, Chicago, That Toddling Town" . . . then there's "Carry Me Back to Old Virginny," "Alabama Bound," "The Missouri Waltz," "Hail, Pennsylvania" . . . the possibilities are endless. It is said that one major motor company (Ford) is going to act on this suggestion and equip its new cars this fall with horns that play strains from the songs of 16 different states.

OUR useless information department today notes that the Poet Shelley's favorite pastime was sailing toy boats on the Serpentine in London. He used five-pound notes for sails. This information comes from Dave Elman, the hobby man, whose favorite pastime is digging up stuff like this.

Other items which we will place in our interesting-if-true department concern (1) Cardinal Richelieu, who is supposed to have invented mayonnaise; (2) Alexandre Dumas, who in addition to the "Three Musketeers" also wrote a cook book, in which were included 56 recipes for cooking eggs; (3) and Franz Liszt, the composer, who invariably wore green gloves when he went out. Green gloves were a fetish with him. He collected hundreds of pairs.

WASHINGTON Merry-Go-Round

By DREW PEARSON and ROBERT S. ALLEN

WASHINGTON—One of the hottest congressional elections in the 1934 campaign was the contest in the Tenth Wisconsin district between Representative Hubert Peavey and State Senator Bernard J. Gehrmann. Principal issue of the battle was nepotism.

In scores of speeches Gehrmann blasted Peavey for having his wife on the congressional payroll as his secretary.

"There are hundreds of competent young people in our district able and deserving to fill this job," Gehrmann thundered. "It is not right that my opponent should give it to his wife when there are so many in need of work and the taxpayers pay him $10,000 a year to represent them."

The voters felt the same way, retiring Peavey and sending Gehrmann to Washington in his place. But in the six years that have elapsed since then, Gehrmann's crusading ardor has undergone a marked change.

He who once so righteously denounced the gravy bowl now is in it up to his elbows. Here's his nepotism roster:

Arthur Gehrmann, son, clerk in the Farm Security administration office at Neillsville, Wis., $1,440.

Joseph Gehrmann, son, CCC camp foreman at Baraboo, Wis., $1,740.

Victor Gehrmann, son, clerk in Indian Division of the CCC at Cass Lake, Minn., $1,560.

Dorothy Gehrmann, daughter, until recently PWA clerk in Chicago, $1,440.

Total gravy haul of the Gehrmanns, including the congressman's $10,000 salary—$16,180 a year.

Anti-Tobacco Lecture.

PET AVERSION of bachelor Justice James C. McReynolds is tobacco in all forms. This antipathy cost a newsreel cameraman a brisk lecture on the justice's recent 78th birthday.

The photographers were making shots of him coming jauntily out of his fashionable 16th street apartment house when the newsreel man, chewing a cigar stub, apologetically spoke up: "Mr. Justice, would you mind doing that over? I'm sorry to have to trouble you sir, but I've just discovered that my camera was out of focus."

McReynolds complied, then scowled and snapped, "Young man let this be a lesson to you. If you hadn't been chewing on that filthy weed and been paying attention to your business you would have got your picture the first time."

Political Bits.

VANDENBERG managers are quietly following Hoover's strategy and have sent word to state lieutenants to work for uninstructed delegations . . . In his recent Chicago speech Republican Floor Leader Joe Martin mentioned the names of the Illinois GOP congressmen. Biggest applause was accorded that of Noah M. Mason when Martin added after his name, "A good patriotic member of the Dies committtee." . . . There is a better than even chance that GOP National Chairman John Hamilton will not be a member of the Kansas convention delegation. Certain to head it is Alf Landon.

Silver Crisis.

LIKE daisy plucking—she loves me, she loves me not — are weighty matters often decided. So it was with the most important monetary measure which has come before this session of congress—silver. It illustrates how careless is the co-ordination between Roosevelt and his congressional leaders.

The senate banking committee was debating Senator Townsend's resolution to put an end to purchases of foreign silver. Members of both parties regarded the silver purchases as a waste of money, with little benefit to the U. S. A. and large benefit to Mexico. And why be charitable to Mexico?

This sentiment caused a subcommittee to vote favorable action on the measure at its 10 o'clock morning meeting. At 10:30, the full committee met, and sentiment definitely favored Townsend's plan to end foreign silver purchases.

Up rose Senator Barkley, administration leader, and excused himself. He went into an adjacent office, picked up a telephone and called the treasury department. Morgenthau was out of town. He got Acting Secretary Daniel Bell.

"This Townsend bill," said Barkley, "has just been passed by the sub-committee, and is about to be passed by the full committee. I've been trying for a day and a half to find out what you people think of this bill. How about it?"

Bell told Barkley that the president was in favor of continuing the purchase of foreign silver. Barkley went back to the committee room, reported the opinion of the president, and asked for delay. It was granted.

In Mexico the government breathed a sigh of relief. Mexican money markets would have crashed if the bill had not been delayed. Of the total U. S. silver purchases of $70,000,000 last year, $31,000,000 came from Mexico.

Note—Though officials "downtown" knew (from newspapermen) that the bill was slated for consideration, they did nothing about it until Barkley called. And yet they wonder why Roosevelt sometimes is at odds with congress.

Merry-Go-Round.

CHARLES G. DAWES, 75, first director of the budget and vice president under Coolidge, leads a quiet life as chairman of Chicago's City National Bank and Trust company, but he tells friends he has one remaining public ambition. He wants to make a speech in this year's campaign telling the country in "Hell 'n' Maria" language what he thinks of Roosevelt's budget . . . Mrs. Jessie Kirke, vivacious member of an old Key West family, is being urged by friends to run for the house seat once held by Mrs. Ruth Bryan Owen Rohde, first woman to be elected to congress from Florida. Mother of two young children, Mrs. Kirke owns and manages a leading business establishment . . . . Numerous letters received by members of congress indicate that various church groups are fearful of the U. S. becoming involved in a Far East explosion as a result of an embargo move against Japan. The churchmen are writing their congressmen to go slow in taking any provocative steps.

From My Mail

(A FARMER'S DIARY)

—By CALVIN A. BYERS

I NOTICE you say in your column," writes a reader from Grove City, Ohio, "that quail will eat whole grains of corn easily.

"There is a bevy of 20 or so around here. When the snow had been on a week or two, they came up around the house. Our children bought corn from the neighbors and fed them—and two died almost at once.

"We took them to school and the biology teacher held postmortem. Diagnosis, acute indigestion—three or more grains of corn in the gizzard. Moral — quail won't always take whole corn grains easily. In fact these flopped around in the snow, most uncomfortably, before they died.

"The birds weren't starved—in good flesh, but very very empty. The temperature at the time of their demise wasn't severe—20, or thereabouts. They didn't choke — no grains had lodged in the throat or in the passage between crop and gizzard. So, if you write again about feeding the birds, better tell 'em that quail will eat whole corn, all right, if they're not too hungry!

"P. S.—Our little girls caught a 'possum. They keep it in the kitchen, and it has a bad habit of climbing the curtains at night. Question: How would you train a 'possum not to climb curtains?"

Answer: Two suggested methods of dealing with such a 'possum are—(a) Take down the curtains. (They are likely in shreds anyway.)

(b) Roast the 'possum until brown and tender and serve with cornbread, sweet potatoes and plenty of well-seasoned gravy.

Of the two, method "b" will be most irrevocable, but from my experience, both as child and parent, I should prefer method "a." It will be less strain on the family morale just now, and will in ten more years, yield the bigger dividends.

Thank you, Grove City—we enjoyed your letter.

CHAPTER VII

"In October, Bob has the promise of a position in New York and wants me to go with him."

"That's certainly a swell break," her mother commented.

She seemed so much more reasonable than usual that Star's spirits rose. If only she could make her realize how important it was.

Mamie's unusually quiet manner made it easier to talk of this important matter than Star had expected.

"Mrs. Lambert would like for you to come to dinner next Monday," she said. "Bob wants to meet you and I want you to meet him."

How false those words sounded, but strangely enough they seemed to please Mamie who replied, "I told you Mrs. Lambert was a real lady. Naturally she would want us to get together since I'm the mother of the bride. But what am I going to wear?"

"You needn't worry about that. I'm going to buy you a dress this afternoon."

Mamie's excitement was pitiful. She became as tractable as a child as she accompanied Star downtown and permitted her to choose a dress.

"I'd lie something with a little color in it better," Mamie admitted, 'but since you're going to pay for it I'll take your advice."

Star would have nothing but black, selecting a plain one of sheer material, with long lines and graceful sleeves.

When they had returned to the apartment, she said anxiously, "Just one thing, Mother, I wish you'd do for me."

"Oh, sure," Mamie replied goodnaturedly, "I'll behave. I won't embarrass you."

"I want to be proud of you," Star said honestly.

Mamie waved her hand.

"I understand how you feel and it's only natural when you're planning to marry such a nice young man. You can depend on me."

* * *

It was the nearest to an affectionate understanding they had ever achieved. Star was so grateful she threw her arms about her mother's neck and kissed her—a gesture she hadn't made for years—crying "Thank you so much. It means such a lot to me."

For one moment she felt as if Mamie really loved her as she patted her on the shoulder and promised she would be good.

"I now how to act," she boasted. "You wait and I'll show you."

As Monday approached, Star became conscious of a sense of strain which was almost unbearable. Even Bob, blithely unconscious of the reason, complained that she was not herself.

"Something is worrying you, Star! Why won't you tell me what it is?"

She denied it, protesting finally that she was tired. Too much excitement in the three short weeks since Bob's return. But certainly she had never had less work to do. Nina professed herself in no mood to write.

"I'll feel as if I'm taking money on false pretenses if you don't get busy," Star said.

"I'm much too interested in a real love story to write about an imaginary one," Nina assured her.

"But what about that serial you promised to start? The editor telephoned about it yesterday when you were out."

"Tomorrow," Nina cried gayly. 'Or next week. Or maybe not until you are married."

"But, Mrs Lambert, I'll be gone then."

Nina laughed.

"And I shall have a new secretary. A plain one with no appeal for my boy friends." She spoke lightly, but a somber note ran like a black thread through her brightly colored words. Star sensed it, at the same time reproaching herself for being so sensitive. Nina hadn't minded in the least when her friends tried to flirt with Star. She had even told the girl that her own daughter couldn't have behaved better. "I mustn't take everything so seriously," she thought, reminding herself of the many kind things Nina had done. "Look at her attitude about her son's engagement. Could anything be more generous or a truer indication of affection?"

On Monday morning Star telephoned her mother, finding her excited but in a good humor.

"Everything is okay," Mamie assured here.

* * *

When Star suggested going over to help her dress, Mamie insisted it wouldn't be necessary.

"But I want to," Star protested. "Then we'll take a taxi and afterward Bob and I will take you home."

It sounded foolproof, Star thought, telling Nina her plan.

"Why don't you let Bob come for you?" Nina suggested.

"It's rather hard to find," Star evaded. "Easier just to take a taxi if you don't mind."

Nina replied cheerfully, 'Suit yourself, my dear! But be sure to be here not later than 7."

Star wore one of the simple pale blue dresses Nina had urged her to buy earlier in the summer. She reached her mother's early in the afternoon. Mamie had kept her promise and at Star's suggestion had had her hair washed and waved. Star gave her a manicure, using a light rosy polish.

"It's too light," Mamie complained, holding out her hand.

"It's lovely," Star insisted. "You have such nice nails, Mother, if you'd take care of them."

Mamie shrugged but she looked pleased.

"Nobody can have nice nails and be doing dishes and housework."

"Mrs. Epperson does," Star said unwisely. "She keeps her nails perfectly and she works a lot harder than you do."

"Don't mention that woman to me," Mamie snorted. "It's going to be a real treat to sit at the table and have her wait on me."

There was nothing wrong with her mother's appearance, Star admitted, feeling some of her apprehension disappear. The dress fitted perfectly and its long flowing lines gave Mamie a dignity which softened the harshness of her features and made her look ten years younger.

"You are simply perfect!" Star cried with rare emotion. "I wish you could look like this all the time."

"Maybe I could if I didn't have anything else to do," Mamie said shrewdly. "Maybe I will if I ever have a nice little income of my own."

* * *

This was the first hint she had made to Star's future responsibility in the matter of helping her, but Star refused to be upset by it. Tonight should not be marred by arguments. So she did not reply but ordered the taxi and, because it was so warm, told Mamie that she need not wear a coat. She could see tht there was a definite resemblance between them as they gave themselves a final glance in the livingroom mirror. Mamie saw it too.

"Any one could certainly tell you are my daughter," Mamie remarked.

The comforting thing about her attitude was that she actually seemed to be impressed by the importance of the occasion. She had assumed an air of quiet refinement which surprised Star and made her believe in Mamie's oft repeated with it iced and ready to serve somebody."

For the first time since Nina had suggested the family dinner party Star breathed freely. Surely nothing would be apt to happen now. The dinner would be simple and after an hour's chat Bob and Star would take her mother home.

Nina herself opened the door, sparing Mamie the ordeal of recalling the other time when it had been done by Mrs. Epperson.

No one could have been more gracious than Nina who cried. "How do you do, Mrs Bright. How nice of you to come."

"My name is Delevan," Mamie corrected.

"Oh, yes, of course! Star told me that. May I present my son, Mrs. Delevan? Bob, darling, this is Star's mother."

Nothing could have been more proper than Mamie's greeting to her prospective son-in-law. If there was any triumph in the blue eyes so like her daughter's the swiftly lowered eyelashes concealed it. Nothing could have been more circumspect than her behavior during the ensuing conversation which Nina, according to her custom, limited to topics her guest would understand. She referred happily to their children's engagement and their plan to live in New York. She related jokes on herself. Star had never seen Nina more friendly or more charming than she was during dinner. Mamie was eating sparingly and letting the others do most of the talking.

"We really should have champagne to celebrate this occasion properly," Nina announced.

It evidently had already been ordered as Mrs. Epperson appeared with it iced and ready to serve. No doubt Nina meant to be kind but Star felt that she was really overdoing it as the writer, becoming more cordial every moment, urged Mamie to drink glass after glass. Star herself did not touch it. She watched anxiously as Mamie, reassured by the good fellowship and warmed by the wine, became the life of the party.

Star listened with horror as her mother cried, 'Isn't it funny I told Star the first time I was here that she ought to set her cap for Bob? You two ought to make a match of it, I said. Sometimes I'm psychic like that. My first husband, Star's father, used to tell me I'd make a good fortune teller if I ever had to make my own living. And I guess I could at that. Say, Nina, have you got a deck of cards handy?"

Nina answered, "Of course! But let's go into the living-room. Bring one of those decks out of the hall table, will you, Bob?"

Bob looked cross. Was he annoyed with Nina for encouraging Star's mother or disgusted with Mamie?

She flipped through the cards with an experienced hand.

"I'll take these smaller ones out. They don't count. Now shuffle them good, cut three times and make a wish."

Yessiree— it Pays to Pay Enough!

TO SOME people, this spruce and sprightly Buick SPECIAL may be just one of those ambitions they hope some day to achieve.

But if you ask owners—especially those who have stepped up to Buick from the lowest-price field—you'll find it's really an eye-opener to a new and sounder slant on automobile buying.

Actually, the money difference between lesser cars and this nimble traveler is smaller than most people think. And when you've driven a Buick a while you find that spending these few extra dollars is really the soundest kind of economy.

They buy more power. They buy more room. They buy the matchless comfort of all-coil springing and the welcome feeling of having come up in the world.

They also buy more automobile. A bigger, solider, more durable frame. A husky, time-defying chassis. Top-grade materials, superfine precision, "on the money" craftsmanship, things that make the difference between an adequate car and a good one.

You get your money back in tangible things, such as engines balanced *after* assembly, wider outlook through Safety*Plate*Glass only, some six dozen features from automatic choke to the Flash-Way Direction Signal with automatic cut-off.

Every mile you drive you'll see how you profit by spending enough to get something really good.

And what you spend, as you'll see if you call on your Buick dealer, is less than you're asked to pay in some places for a six!

Not a six but an EIGHT for $895 and up delivered at Flint, Mich.*

*Transportation based on rail rates, state and local taxes (if any), optional equipment and accessories—extra. Prices subject to change without notice.

The model illustrated is the BUICK SPECIAL *model 41 four-door touring sedan $906 delivered at Flint, Mich. White sidewall tires additional.**

16 SCIENTISTS
to amaze world with great discovery about
CONSTIPATION
Tests at world-famous hospital reveal how Nature's own gentle, complete "daily" bowel movements can be produced
Get relief from headaches, indigestion and nervousness due to Constipation. Then feel peppier—keener of mind. Brighter eyes.
AFTER months of intensive tests in one of the world's most famous hospitals—16 scientists have discovered sensational facts about an IDEAL "daily" treatment for constipation—
It has been *definitely* proven one of the chief causes of constipation is lack of *moisture* in the colon. Waste matter then becomes caked, dry, hard and difficult to move on. Constipation often follows with its headaches, dull eyes, sallow muddy skin, and you "tire easily."
Tests showed that the taking of many cathartics, laxatives, and harsh "roughage" products often made this condition worse.
SUCCESS AT LAST!
But these clever men of science found a way to ACTUALLY PRODUCE NATURE'S OWN GENTLE PLEASANT BOWEL ACTION. Simply take a little daily dose of healthful Kruschen, (world-famous formula), in a glass of water.
Kruschen now comes in effervescent form—sparkling—"bubbling"—and makes a *most* pleasant tasting drink. Kruschen keeps waste matter in the colon *moist* and *soft* and enables it to be gently expelled from the body. No nausea! No griping! No violence! Truly an IDEAL treatment for more gentle, complete "daily" elimination of harmful poisons, acids and waste. ALSO a splendid mild antacid and kidney diuretic. Inexpensive!! A jar that lasts WEEKS costs only a trifle. Over 245,000,000 jars of Kruschen have been sold by druggstores thruout the world—Kruschen *must* be good and do the work! Made in U.S.A.

Now comes in delightful pleasant tasting "bubbling" form!

For Joyful Cough Relief, Try This Home Mixture
Real Relief. Big Saving. So Easy. No Cooking.
This splendid recipe is used by millions every year, because it makes such a dependable, effective remedy for coughs due to colds. It's so easy to mix—a child could do it.
From any druggist, get 2½ ounces of Pinex, a compound containing Norway Pine and palatable guaiacol, in concentrated form, well-known for its soothing effect on throat and bronchial membranes.
Then make a syrup by stirring two cups of granulated sugar and one cup of water a few moments, until dissolved. It's no trouble at all, and takes but a moment. No cooking needed.
Put the Pinex into a pint bottle and add your syrup. This gives you a full pint of very effective and quick-acting cough remedy, and you get about four times as much for your money. It never spoils, and is very pleasant—children love it.
You'll be amazed by the way it takes hold of coughs, giving you delightful relief. It loosens the phlegm, soothes the irritated membranes, and helps clear the air passages. Money refunded if not pleased in every way.

Comes to Visit, Remains

DEAR MISS FAIRFAX:

Until recently my husband and I lived in a single apartment, but as we were expecting a friend to visit us from the East, we rented a double apartment. She has been with us two months now.

Several days ago I received a letter from my sister that she and her husband want to visit us, and as I haven't seen her for years I am anxious to have her. However, I do not have room for all these people. I showed my friend the letter, but it didn't make an impression on her, and she says nothing about leaving. What can I say or do without offending her?

C. C. B.

This friend seems to be making you the sort of visit people used to make before the Civil war. These days they come for weekends, or at most a day or two longer. Just tell her,in your most engaging manner, that your sister is coming for a visit and you'll have to prepare the guest-room for her. It looks to me as if this girl intended to spend the rest of her life visiting you.

* * *

DEAR MISS FAIRFAX:

I am 17 and my boy friend is 23, and we're very much in love with each other. He lives a considerable distance from my home, so that I am able to see him only once every three months. In the meantime I don't go out with other boys, and my girl friends say I'm very foolish as I'm too young to go "steady." However, other boys don't interest me. What do you think I should do in a case like this?

PENNY.

I'm inclined to agree with your girl friends that it would be more sensible for you to go out with other boys than to go "steady" with this one you see only occasionally.

Seventeen is pretty young to regard yourself as "bespoke," as old-time people used to call girls who reserved their company for one special man.

Marriage Meddlers

Continuation of "Married Comrades"

I hurried back to Queen Olga's suite, and, not disclosing Lillian's part in the request, asked Queen Olga to write down at once the markings on her emeralds, and any other data concerning her famous necklace which she could remember.

"I wouldn't hurry you." I said, "but my father is always so impatient when he is given a clue until he has all the threads in his hands"

"He shall have them as soon as I can write them down," she assured me, and I hurried out of the room.

When I came back to the window seat, Lillian had a message for me.

"Miss Whitlock says your father is waiting anxiously to see you," she said. "He was expecting you about this time, she tells me."

"All that diplomacy wasted," she said. "But run along with you. We'll wait out here. I have a sneaking fancy that when he hears about that necklace we'll be sent for."

She was a true prophet. When, after my father's warm greeting of me, and my pleased observation that he was improving every time I saw him, I told him of Queen Olga's theory, and of the markings on her necklace, he turned to Miss Whitlock with a swift mandate.

"Please ask Mrs. Underwood, Mr. Underwood and my son-in-law to come to me at once," he said, and when she had hurried out he put a crisp question to me

"Has Queen Olga any record of those markings? Can she reproduce them?"

"She is even now making a complete record of them," I answered.

"How long will it take her?"

"I fancy only a few minutes. I'm going back after them. or if you wish to see her, or Mr. Veritzen—he was quite anxious to bring you this message himself.

"I do not see what object will be gained by my seeing either of them," my father said dryly. "After I inspect the markings. I might wish to see Queen Olga, although it isn't likely. But please make my excuses to Mr. Veritzen, and tell him that I simply must conserve my strength, or any other plausible explanation which you can fit into your conscience."

He smiled sardonically at me as the Underwoods and Dicky entered.

"This is a theory to which I cannot subscribe," he said. "But we musn't neglect a single clue, so I think we ought to go into it. Margaret, do you think it would hurry matters if you went after those markings now?"

If I had answered him honestly, I would have said "No," but I humored his impatience and rose quickly.

"I can only try," I said, and left the room. But I knew better than to go directly back to Queen Olga's suite, for she could not possibly have finished the markings in so short a time, so I went into my own room for a brief breathing space, and sat down by a window which overlooks the bit of woodland which borders the meadow and cornfields stretching between our land and the Ticer farm.

I knew that guards were placed all around the farm house, and when I saw a movement of the underbrush I thought at first one of the guards was stirring there.

But as the movement continued, stealthily, slowly, but steadily getting nearer, I resolved that some intruder had eluded the guards and was advancing toward the farm house.

Instead of using rock salt to melt ice on walks and steps in slippery weather, one householder uses calcium chloride. It will not hurt the paws of the family dog or cat, and is effective, it is said.

Making Faces Ruins Appeal

By MME. QUI VIVE

Watch your facial habits. Possibly you don't know that you have any. You never see your phiz in action. When taking a survey in the mirror the face is in repose. Of its lights and shadows we know nothing. Laughter lights it, morbidness and other unpleasant emotions cloud charm and loveliness.

The expression of the mouth changes with a thought. Mental health, which means no indulgence in unpleasant meditations, has much to do with good looks. Amiability is a beautifier beyond price. It shines up the soul windows, is an insurance against those ugly wrinkles that come from scowling and tightening the portrait fibers It pays to be agreeable Affability will take any woman a long way toward success in social and business affairs.

The intolerant woman has a face that looks as if it might be made of granite. Her heart, if she has one, is as tough as nails. She pulls the lower lip inward, clamps it against her teeth, destroying the harmonious lines of the lips and pushing out the soft tissues under the chin that eventually form a wattle. And what'll she do then, poor thing? Beauty operators despair when they try to tone and restore those accordian-pleated tissues.

Thick, sagging lips are the penalty a woman pays for whining, blubbering and cooking up a fine kettle of self pity for herself. She has what we call a weak face, and weak it is, too weak to line up among the candidates for beauty medals Selfishness does the same thing, but then all whining women are selfish; if they weren't they wouldn't make other persons unhappy, kill their gay spirits.

Discontent draws down the lip corners, cuts furrows from lip ends down over the chin. The critical woman who has a chip on her shoulder is ever ready for a fight or an argument, takes on a hard expression that isn't going to make any man die for love of her.

Mouths have two languages, one directed to the ear, the other that speaks to the heart and is read by the eyes. Lips can be stern, humorous, repellent or inviting By the pose of her lips a woman can look like an ogress or an angel.

Sound white teeth form an enchanting background for pretty red lips. But that's another beauty story. Lips should be moist, smooth of surface To keep them smooth they should be anointed every night with a lip cream after the rosy glow has been removed.

Ice rubs are effective for giving good color to the lips. And this seems the proper moment to mention lip biting, a silly habit cultivated by the nervous, jittery girl. It produces horrid little shags that pick up chunks of lip pigment and make the application look spotty.

"The Authority on Authorities"

ONCE IN FOUR YEARS

There are some kinds of hands you don't expect to see as often as the 29th of February rolls around. When they do arrive, you are likely to miss the point on them. The only trouble about what you learn from them is that you will have to wait an inordinate time before you can use it. Unless, of course, it makes you more alert to probe the possibilities of other unusual combinations and types that come along.

That was pretty bizarre bidding. especially South's 3-No Trump call as soon as he heard about the spades, counting on running a lot of clubs. As it turned out, South could have made his small slam contract, in view of the defense he got, but he fumbled it.

West, who had restrained himself from doubling, led his diamond A. When South false-carded with the diamond 9, West read his partner's 6 as possibly an encouraging card from a hand also containing the 4, and so repeated the diamond suit with the 2.

South, disgusted at his own bad bidding, saw that his club string was blocked, as he had no re-entries to his hand. So he took four diamond tricks, discarding useless spades and hearts on them, then four club tricks in dummy and two major aces, conceding a two-trick set.

It then dawned on him that he could have discarded the dummy's four high clubs on his diamond tricks, then run his own clubs and made his contract.

Tomorrow's Problem.

After East opens this deal with 1-Club, how should North and South bid to reach the best contract?

WELLES NEARS HITLER PARLEY

Secretary Leaves Switzerland, Starts Tour Into War Zone; in Berlin Tomorrow.

(Continued From Page 1)

Berlin until Monday. No formal program had been announced but it was said that he would meet once, and perhaps twice, with Hitler.

Stresses 3 Points.

Italian sources in Paris reported that Mussolini had stressed three points in his conversation with Welles:

1. That the Versailles treaty was responsible for most of the present European trouble;

2. That the world economic balance was unsound due to the predominant British and French control of colonial raw resources and that the redistribution of these colonies must be an elementary part of any peace plan or world reconstruction scheme;

3. That Italy is disgusted with Russia's attitude toward her Baltic neighbors, principally Finland, but feels that peace in the north should be established at the earliest moment.

Although obviously French observers could have no knowledge of Hitler's plans, French newspapers said unequivocally that Hitler intended to tell Welles his minimum and maximum peace terms which already had been communicated to Mussolini and which were: (1) return of colonies lost in the World war without compromising Germany's claims to any further colonies that might be pooled and distributed among major nations in a general division of world territories, (2) establishment of an independent "little Poland"—a region including Warsaw but none of the former German areas; (3) autonomy for Bohemia and Moravia. (4) disarmament, but only after the other three phases are concluded

MANY NEVER SUSPECT CAUSE OF BACKACHES

This Old Treatment Often Brings Happy Relief

Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys

The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day.

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

POLAND EXISTS ON ONE SQUARE MILE IN FRANCE

Government Functions But Its People Are Either Refugees, Dead or Under Alien Rule.

(Editor's Note: While in Warsaw as an Associated Press foreign correspondent, Lloyd Lehrbas saw the European war begin six months ago tomorrow. He wrote dramatic accounts of the German Blitzkrieg against Poland. Now back in the United States, he has developed from authoritative sources a picture of what has happened to Poland in the interval. Following is the first of three articles describing the situation.)

* * *

By LLOYD LEHRBAS

WASHINGTON—The Polish republic consists today of one square mile at Angers, France—capital of the Polish government in exile.

Poland itself, after 1,000 years of turbulent history, has been torn into three parts by Soviet Russia and the German reich. Its 35,000,000 people are under alien rule, dead, or refugees in foreign lands.

Within a month after the first bomb had dropped on Sept. 1, German planes, tanks and goose-stepping soldiers marched in from the west. Then Russian armies began to advance from the east until the two forces met.

For reasons still undisclosed, they drew a crude—and several times changed—line dividing their conquered territory.

Adolf Hitler next drew another line across his share, annexing that portion which once belonged to Germany, and making the remainder into a special area which he has indicated some day would became a "puppet" Polishstate.

The map of what was Poland is divided today into three areas:

Territory bordering on Germany totaling 33,000 square miles with a population of 9,000,000 has been incorporated into the reich.

A triangular-shaped area in central Poland consisting of about 39,000 square miles and a population of 12,000,000 has been designated the "general government" under the administration of Dr. Hans Frank as governor-general.

The eastern part, consisting of 78,000 square miles with a population of 14,000,000, has been absorbed by the Soviet union.

Ceded to Slovaks.

A small area composed of three villages along the southern border has been ceded by Germany to the German-dominated Slovak government.

Polish embassy officials estimate that 1,000,000 must be deducted from Poland's population of six months ago to account for the killed and for refugees in Rumania, Hungary and neighboring countries.

The Polish government at Angers has issued "white papers" in which it describes Poland today as a land of hunger, stark fear, wrecked hospitals and churches, executions, and methodical and cruel deportations. On Feb. 2 it estimated 18,000 Poles of all classes had been executed.

The German government has admitted that Poles have been executed for killing German residents during the war, for sniping, and for spying and other violations of German military law.

Most of the ranking Polish officials and titled families fled from the country in the first days of the war, but some were killed or arrested.

Polish sources report that Stefan Starzynski, heoric mayor of Warsaw during the German siege, whose fate has been unknown, soon will be placed on trial by German authorities on charges of "misappropriating city funds."

All political organizations have been disbanded.

All theaters and concert halls have been closed.

All radio sets have been confiscated.

Only two newspapers are published in Polish, and both are Nazi organs.

Mail is censored and takes from a month to six weeks to reach the United States. Telegrams come through in from two days to two weeks.

The Polish language is not permitted to be spoken on the streets.

The University of Warsaw and many schools have been closed.

The American Red Cross has been able to operate to a limited extent in German-occupied Poland, but no organization except the Joint Jewish distributing committee has been permitted to render any assistance to Poles in Russian-occupied areas.

The American Association for the Advancement of Science was founded in 1848.

Two-Cent Margin Prevents Grand Larceny Sentence

DENVER—(INS)—Because of a "bargain sale" evaluation placed on a case of stolen brushes by Judge Floyd F. Miles of the Denver District court, Robert L. Lear, 37, of Wichita, Kan., is in Denver county jail instead of in the state penitentiary.

Lear was saved from a grand larceny sentence by a mere two cents.

Arrested Dec. 1, Lear admitted having stolen the brushes from the automobile of a salesman. The district attorney's office set a value of $60 on the merchandise and Lear was charged with grand larceny.

The defendant pleaded the brushes were worth only $20. The manager of the company owning the brushes said they were worth $34.20. An expert called in to decide the issue claimed the brushes were worth $17.35.

Judge Miles then took a hand.

"Gentlemen," he said, "the stage is set for a bargain sale. The court finds the brushes and suitcase to be worth exactly $19.98. That's petty larceny."

He then sentenced Lear, who breathed a sigh of relief, to 60 days in the county jail.

SWISS DISPLAY PEACE LANTERNS

Custom of Hanging Out Prayer Reminders Centuries Old.

LOCARNO, Switzerland—(AP)—Red lanterns hang from the chimney pots of farm houses and villages in Italian Switzerland. They'll stay there until Europe's war is over.

The Italian Swiss, ardent Catholics, began the custom centuries ago. Whenever war raged in Christian countries they hung red lanterns from their rooftops to remind themselves and passer-by to pray for peace in the world

The lanterns hung in place from 1914 to 1918.

Favorite place for the lanterns is on the village church spires, but many a simple peasant and villager keeps his own lanterns burning.

DRIVER HURT

BUCYRUS — William McArtor, 22, Put-In-Bay, is confined to City hospital with a possible concussion and laceration over the right eye, received when his car skidded and struck a tree and turned over in a ditch, eight miles north of Bucyrus on route 4, Tuesday.

He was riding alone when the accident occurred.

Senate Rushes Action on Bill to Give Loan to Finns

HOUSE OKAYS MEASURE FOR 20 MILLIONS

Barkley Says Action to Be Completed Today on Bill; Roosevelt to Sign It.

(By International News Service)

WASHINGTON—The senate in a burst of speed today rushed action on legislation that will place $20,000,000 American dollars at the side of the Finnish and Chinese troops fighting to repulse invasion of their countries.

As President Roosevelt ploughed through southern seas on his way back to the capital from a vacation, Senate Majority Leader Barkley of Kentucky announced that action on the Finnish-Chinese loan bill, passed by the house yesterday, will be completed "at once —today."

Mr. Roosevelt, it was known, will sign the bill into law almost immediately upon his return.

Thus, $20,000,000 loans will be made available to both Finland and China for purchase of non-military supplies in the United States. However, there was a "joker" in the house-approved bill that will, if the senate okays it, permit the two embattled governments to purchase airplanes that can be used in the struggle against their aggressors.

The house measure was amended to permit sale of commercial airplanes to the Finns and Chinese. And commercial airplanes, through the installation of machine guns and bomb racks, can be turned into military airplanes almost overnight.

Final house action on the loan bill was spurred by members' exhortations that the Russian armies were smashing the gallant and stubborn Finnish resistance on the Karelian Isthmus and that speed was essential if the U. S. loan was to do the little Baltic republic any good.

Boosts Lending Authority.

The loan bill increases lending authority of the U. S. import-export bank from $100,000,000 to $200,000,000 with the proviso that no one country is to have more than $20,000,000, and that none of the money can be used for actual war materials.

After the measure originally passed the senate, the house adopted two amendments—one to lift the ban on commercial planes and another to forbid any loans to governments in default to the U. S. government.

A vigorous drive in the house further to amend the bill to provide a direct, unrestricted loan to Finland, with which she could purchase guns and ammunition, was defeated.

Speakers on both sides of this proposal launched bitter attacks on Russia, but opponents warned that such an unrestricted loan "would be a long step toward war."

A number of legislators raised the objection that the "airplane amendment" conflicted with the U. S. neutrality act, but Federal Loan Administrator Jesse Jones said he approved the amendment, and this was taken to mean that there would be no objection to it by President Roosevelt.

PETRI SEEKS FOURTH TERM

Eighth District Congressman Says He'll Run Again.

GALION —(NS)— State Rep. Kenneth M. Petri today announced his candidacy for the Democratic nomination to congress from the Eighth Ohio district.

Petri is now serving his third term in the house of representatives from Crawford county. He was endorsed Tuesday by the Democratic executive committee of the district.

The congressional seat is now held by Republican Frederick C. Smith, of Marion, who has announced his candidacy for re-election subject to the May primary. The Eighth district comprises Hancock, Hardin, Wyandot, Marion, Crawford and Morrow counties.

Roosevelt to Seek Stronger Naval Defense

PROPOSALS FOR NEW CANAL AIR BASE FORECAST

Plans Expected for Congress Action Soon After President Returns From Cruise.

(By United Press)

WASHINGTON—President Roosevelt was expected today to propose an immediate program for strengthening Atlantic and Pacific defenses, including new air bases to protect the Panama Canal, when he returns from his southern cruise this week-end.

Army and navy officials said they knew of no specific plan, but other authoritative sources believed that Mr. Roosevelt would summon his national defense chiefs and representatives of the state department for a conference to discuss defense problems in the Caribbean and Pacific areas shortly after he returns to the White House.

Some of the possibilities for strengthening defenses, and which probably will be discussed, include:

1. Acquisition of French, British or Dutch possessions in the lesser Antilles or off the north coast of South America for air bases.

2. Rights for air bases in South American countries along the Caribbean on the theory that protection of the canal is as important for Latin-American countries as for the United States.

3. Possibilities of a new naval base in Costa Rica to complement existing bases at Guantanamo Bay, Cuba, and Puerto Rico.

Meanwhile, house administration leaders sought to restore to the $203,472,567 war department civil functions bill a budget-proposed fund to start work on a third set of locks for the Panama Canal. Mr. Roosevelt requested $15,000,000 to start the locks in the fiscal year beginning July 1. Estimated to cost a total of $277,000,000, the locks will take six years to build. The house appropriations committee cut the appropriation to $850,000.

Up and Down THE STREET

Clerks at the Richland County Auto club wished they could have accommodated all the persons who came to the club or called by telephone wanting to know whether they could purchase their 1940 tags. Club officials said it would have helped to relieve the annual last minute rush that is sure to come the last of March. The new tage do not go on sale until tomorrow and can not be used legally until March 10.

* * *

It always has been accepted that March is the unsettled and "unreliable" month for weather and this seems to be borne out in the calendar changes that have been made in community affairs. First it was the date of the Gladys Swarthout concert that was changed from March 11 to April 1, and then the Civic Music association membership drive, scheduled for March 11-16, was postponed to a later date. Now comes the announcement that the Community Players have changed the date of their final presentation for the season and "Petrified Forest" will be given March 12 instead of next Tuesday night. The place has also been changed and it will be given at the new John Simpson Junior high auditorium—in fact, the Players will open the new auditorium.

* * *

The difference made by two words sent assistants at the Public library scurrying around, looking through indexes and catalogues when a man came to the main desk and said his wife wanted "Passing of the Wind," a popular novel. And it wasn't until a call had been made to the wife that the book was located. You've guessed it, "Gone With the Wind."

* * *

The voting place in precinct A of the Sixth ward, just across the hall from the election board headquarters in the courthouse, probably was the only one in the county that still had its flags flying today, two days after election. The small American flags denote the location of voting booths and usually are taken down by precinct officials and returned to the election board immediately after the polls close election night.

REFLECTS DROP IN EMPLOYMENT

Benefit Payments to Jobless in January Highest Since Program Was Started.

Reflecting a seasonable decline in employment in the Mansfield area, unemployment compensation benefits to jobless workers in Richland and Morrow counties totaled nearly $21,000 during January, C. W. Handley, manager of the Mansfield district office of the Bureau of Unemployment Compensation, reported today.

Handley said that a total of $20,953 was paid to unemployed workers in the two-county district last month, the highest monthly total since the unemployment compensation program was inaugurated in the state in January, 1939.

Last month's total benefits were $3,500 above the amount paid in December and approximately $2,000 above the previous high of $18,871 paid in September, 1939.

The average weekly benefit for total unemployment amounted to $9.64 as compared with a state average of $10.25, while the average weekly benefit for partial unemployment was $5.83 as against a state average of $5.12.

Handley said a total of 168 persons were placed in private industry last month, an increase of eight per cent over the placements made in December.

A total of 487 new applicants registered at the Mansfield district office during January to boost the total registered for employment in the active file to 2,391 he reported.

WOMEN CLAMOR FOR SEATS FOR MURDER TRIAL OF STUDENT, 21

(By Associated Press)

CLEVELAND—Several hundred Cleveland women want reserved seats for the impending murder trial of John L. McCormick, 21-year-old University of Pittsburgh student.

They telephone Bailiff Walter Morsefield, and halt him on the street. By now, Morsefield said today, he can recite his answer without a thought.

"I have told them all that the courtroom only accommodates about 50 spectators and that it is not possible to make reservations," he said. "They will just have to come and take their chances on getting in."

McCormick, calm in his jail cell, will enter Judge Samuel E. Kramer's common pleas courtroom Monday to be tried for first degree murder. He is accused of the Jan. 8 holdup-slaying of Theodore Nichols, a special guard, in Western Union Telegraph Co.'s main office a few steps from Euclid avenue and East Ninth street.

Court attaches say the case has aroused more pre-trial interest than any murder case they remembered. Morsefield said 90 per cent of those asking him for reservations are women, and that he has had 40 requests this week, alone.

Most calls, he said, are from members of Parent-Teachers associations, women's clubs, social workers and Y. W. C. A. groups.

McCormick, who pleaded innocent, says "I had no reason or excuse for what I did. I didn't need the money.

"I had a new car every year. My parents paid all my expenses at school and gave me a good allowance, about $20 a week. What came over me, I don't know. It doesn't make sense, does it?"

McCormick, Detective Sergeant James Hogan said, also admitted Western Union holdups netting $470 at East Liverpool, O., and $78 at Fairmont, W. Va. He has recovered from bullet wounds received in the Cleveland holdup.

OFF FOR EUROPE

First Quota of Garments Sent to War-Stricken Countries.

The Richland county chapter of the Red Cross was notified today that most of its first quota of war relief garments has been shipped from New York City to the war stricken countries of Europe.

The shipment included 120 women's and children's dresses, 40 complete layettes and 95 handknitted sweaters for men, women and children. All of these were made by volunteer workers in Mansfield and Richland county.

The layettes and 19 sweaters were made by Shelby workers. This group plans to make another 81 layettes. Junior Red Cross and workers from Bellville and Plymouth turned in a number of the garments.

The American Red Cross already has spent more than $1,000,000 in war relief work besides the clothing that has been made and donated by 225,000 volunteer workers in 3,700 Red Cross chapters throughout the United States, Gertrude B. English, executive secretary of the chapter, said.

The Voice of BROADWAY

—By DOROTHY KILGALLEN

Backstage on Broadway.

"Higher and Higher," the new Dwight Deere Wiman musical now rehearsing at the Majestic, is a fine colorful slice of Broadway in the raw, an exhibit just fashioned for one of those Hollywood backstage films if only Hollywood could be made to believe its eyes. It is the theater stripped of lights, audience settings, slickness and sequins—stripped, as a matter of fact, right down to its practice rompers.

Only a fairly experienced eye could figure out what was going on there those afternoons, as Bob Alton, the town's busiest dance director, drills the specialty dancers. (The show has no chorus line.) Everything runs in a state of pleasantly smooth confusion.

The dancers have seen the principals only once, and the script not at all, with the result that everyone is delightfully unaware of what the show is all about. Somebody dropped the hint that the specialty boys and girls are to play the parts of maids, butlers and assorted domestics, but nobody knows why the piece is called "Higher and Higher" except that in one Rodgers and Hart tune called "Disgustingly Rich" there's a line that goes "I'll aspire higher and higher."

* * *

Dick Rodgers, who composed the music, likes to drop around and watch the dances being set. When he sees a girl dance he invariably chirps: "Can she sing?"

He was improvising on the piano the other day during a lull in the practice session, and Larry Hart came in and asked: "What's that?"

"Nothing," replied Rodgers.

"Play it again," said Hart. "I like it."

Rodgers repeated the improvisation. Hart scribbled some lyrics, and in no time at all the show had another song.

The "Du Barry" Dope Sheet.

Betty Allen is knitting one sock for Hank Greenberg. She says what he does about the other foot is not her responsibility.

Marriage has given Bert Lahr a brand new gaiety. Ever since his wedding, Bert, who used to stick to his lines, has been ab-libbing like mad. The other evening when a drunk heckled him from the orchestra, Bert barrymored back until the audience was hysterical.

Betty Grable has acquired a sealyham which she brings backstage every night and calls "my baby."

The snow last week precipitated all kinds of stage door gallantry. All the chorus girls who had dates during the blizzard got carried by their swains across the sidewalk and into the taxis.

Patricia Knight, who once appeared in "Antony and Cleopatra," hasn't got over it yet. She spends her stage waits with a book which she calls "The Works, by Shapespeare" . . . The Hollywood influence has hit the chorines. They come to the theater togged in slacks.

* * *

The "Hollywood" Gazette.

Three of the beauties get up before noon three days a week and take flying lessons at Floyd Bennett field. They don't ever get airsick—but riding the subway to Brooklyn makes them ill. . . . Edith Stromberg, of the chorus, and Bill Johnson (scenic designer Albert Johnson's brother) are yum, yum.

Carroll Vance, the West Virginia hillbilly, told the other girls this was her first chorus job in New York. But she learned the Broadway technique in record time. One week on the job, one mink coat.

Gossip From Leon and Eddie's.

Dana Kent, the tall, exotic looking "milk bath dancer" is really just a home girl in her home town in California. The floor show patrons may think she looks as sophisticated as an eight-inch cigaret holder, but her mama worries nights.

A clipping reached the coast saying that Dana has become a milk bath dancer — so mom packed her suitcase and is on her way to New York to fin out what it's all about.

Jean Marshall can't resist the things she sees in shop windows, and she keeps getting salary advances to pay for new hats and lipsticks. Last week, when payday rolled around, she owed the club four dollars.

Margie Dale, who used to dance in the movies, told the girls in the dressing room that she doesn't like Gary Cooper and never goes to see him in the movies.

"Why don't you like him?" asked the others.

"Because" said Margie, "I once saw him bite a horse."

And that's all they could get out of her.

FAIR ENOUGH

—By WESTBROOK PEGLER

NEW YORK—Some of my colleagues have been worrying themselves thin over the proposition that a dollar simply vanishes and isn't any more after it has been wagered 10 times at a race track where the percentage amounts to a dime.

The theory is that the dollar shrinks 10 per cent each time it comes to the post, but I am happy to be able to report that, in practice, it remains a dollar. I don't know why this is, but, nevertheless, it is, as anyone knows who ever won a bet or knew anyone who did.

The bettor's dollar and the taxpayer's dollar have about the same sort of experience, and somehow manage to come through them whole. Otherwise, in some states, such as Ohio and Illinois, where they have a sales tax, a dollar would be chewed away to nothing in a few minutes.

Otherwise, also, on the mutuel horse tracks, some people would be paid off in 90-cent and 40-cent and 20-cent dollars, and some of them in nothing-dollars, and you would have not only the most baffling confusion, but disorders, contusions and abrasions.

One man would be lucky enough to get back, say, six 80-cent dollars, three 30-centers and one nothing-dollar for an average of 57 cents per dollar, whereas another bloke winning a $10 bet might be paid off in five 20-cent dollars, one dime-dollar and four nothing-dollars for an average of 11 cents per dollar. Anyone can see that this would be bound to cause strife and the repeal of the racing laws.

* * *

In New York, the bookmakers—a noble band of chiselers—organized a lobby to defeat the mutuel proposal, and had the nerve to argue so when it was notorious that mutuel tracks paid much higher returns than the New York ones, where the bookmakers had a free, untaxed monopoly on a popular vice.

The fact has been that the bookmakers conspire to regulate prices or odds, mostly downward. To some extent they have been justified in this, because the overhead of a bookmaker is much higher than that for a battery of mutuel machines.

An individual bookmaker takes down probably 25 per cent of every dollar bet, but still when the bookmaker does pay off, he uses valid, 100-cent dollars. He would be lynched if he didn't.

The question whether it is advisable or, better say, beneficial to a community to permit mutuel betting is a light off a different match. If the community is landlocked, so to speak, and merely bets local money into its own machines, the traffic diminishes and presently amounts to little more than nothing.

But Rhode Island, for example drains money from Boston, Connecticut and New York, and Florida, of course, soaks up cash from everywhere east of the Rockies.

* * *

But no community, except Monte Carlo, and possibly some minor exceptions that you have in mind, ever contrives to reduce its regular taxes by the amount that it receives from gambling.

If and when New York gets mutuel betting facilities, great will be the revenues therefrom, but the taxpayers will receive no rebate on that account.

They ought to, but they won't, and, in a year or so, everyone will forgot all about the naive hope that the wages of sin would ease the load.

I hate to see the people worry unnecessarily, so it is a pleasure to announce with absolute certainty that, no matter how many times a dollar has been wagered and trimmed by a dime each time, it remains a dollar-dollar, and not a dime-dollar or a nothing-dollar, when the winner presents his ticket at the pay window. I hope everyone will feel better now.

When Hollywood can't go to England, the necessary props are brought to the film capital. That was the situation in the filming of "The Earl of Chicago" which required 1827 items from England. BOY GUNNERS

French to Enlist 17-Year-Olds in Machine Gun Corps.

PARIS— (AP) —Seventeen-year-old boys may become student pilots and machine gunners in the French air army, during the war.

A Ministry of Air announcement said that the minimum age limit has been reduced, for the duration of hostilities, to 17 years from the peace-time requirement of 18 years.

MARKS WAR THAT WAS NOT FOUGHT

Monument Recalls Canadian-Maine Boundary Dispute.

GRAND FALLS, Me.—(AP)—An obscure monument, perched on a 100-foot eminence four miles from this northern Maine village, stands as a memorial to the friendship of two great nations and a war that was never fought.

The rusted, six-foot shaft of solid iron marks the northeastern angle of Main's border with Canada and commemorates the Treaty of Washington which settled a rabid boundary dispute in 1842.

Both British and Maine troops were mobilized in 1839 for the "Aroostook War" in an endeavor to establish respective claims to the boundary. But a truce halted it at the last moment and the dispute was settled by treaty.

X-Ray Costs Cut To 10 Cents Each By New Machine

DETROIT — (INS) — A newly-developed X-ray machine which will cut the cost of an X-ray picture from $3 to about 10 cents is being tested exhaustively at a Detroit municipal hospital.

Significance of low-priced X-ray pictures looms large in medical circles as recently-perfected X-ray technique makes it possible to make accurate diagnoses of tuberculosis with X-rays.

During the past six months 2,000 persons were X-rayed with the new unit at the hospital's tuberculosis clinic. Percentage of error in detecting the disease was less than 5 per cent, Health Commissioner Henry F. Vaughn said, adding:

"It is only reasonable to expect this incidence will be further reduced through continued use of the new technique."

The result of three years of research by the General Electric company, the new machine is the only one of its type in existence.

Along with cutting the price of X-ray pictures, the machine decreases the length of time needed to make them.

"It takes only one minute to take the picture, and another minute to develop the negative," Dr. Vaughn said.

DUCK FISHING

They Use Hooks Instead of Shot To Bag Their Game.

LAFAYETTE, Colo.—It costs $25 to "fish" for ducks around here. G. I. Crawford, deputy game warden, reported he caught a farmer with 20 fish hooks on a line, baited with corn. The line was strung across a corn field. A duck flew into the field, gobbled a piece of corn and was hooked like a fish.

Crawford said several duck-fishers had been arrested and explained they used hooks instead of shot guns because it was a quieter way of catching ducks out of season.

GIRL IS PRO-PUPPETEER.

CINCINNATI, O. —(U.P.)— Sally Sellers is good at pulling strings. In fact, she's a professional at it —"the youngest pro-puppeteer in America." This title was hers until recently, but now at 17 she has the double distinction of being the youngest member of the senior professional organization and the oldest member of the junior group.

Dress Up, Girls or Else!

Describing the costuming "particularly flagrant," City Censor John Spencer of Boston ordered chorus girls and principals in the show, "A Night at the Follies Bergere," to put on more clothes or else he'd close up the show. He also ordered a line of profanity stricken from the dialogue. All his changes, he said later, were made. Above, the can-can girls are doing their number.

THRIFTY SWISS

As Europe's Timber Supply Grows Scarce They Conserve.

ZURICH, Switzerland — (AP) — There's a lot of timber decorating the sides of Swiss Alps, but the Swiss plan to hang on to it as they never have before during the war years.

Paper pulp and other wood-products are running short in warring Europe—particularly since Russia and Finland are busily warring.

Consequently the Swiss Wood Syndicate, acting on the decree of the Swiss War Economy Office, has decided that export permits for wood are to be issued only in special cases.

Out of Constantinople, in the 16th century, was operated one of the world's largest and most powerful pirate fleets.

USE CATNIP AS 'MISERY' CURE

Negroes of Deep South Have Odd Remedies for Ailments.

MEMPHIS, Tenn.—Deep south farm negroes, afflicted with a "misery," like their medicine on the unique side.

Here are some of their "home remedies." A ball of camphor gum tied about the neck and resting on the chest will cure neuralgia. To ease a sick headache, drink a cup of catnip tea. And to check nausea or constant vomiting, crush peach tree leaves, cover them with water and drink the concoction slowly.

There's nothing like a piece of well-chewed horse-radish for hoarseness, and a small bag of tea placed on the eye will rout a cold.
